RE: Navistar Contract #081716-NVS Pricing

Mr. Winston,

Please accept this letter and attached spreadsheet as confirmation that the pricing attached to this letter is the current contract price for Navistar under the above-mentioned contract number. The pricing contained in the attached spreadsheet will remain in effect until such a time that Navistar requests a pricing change. At that time, the formal process and paperwork required for such an update will need to be executed by both parties and approved by Sourcewell prior to any such request taking effect.

If you require any additional verification, please do not hesitate to contact me directly.

Respectfully,

Andy Campbell
Contract Administration Supervisor
