Bob,

At the corner of Prairie and Kingsway there are two yield signs on Kingsway, one heading north the other south. That has been a bad corner in that the sight lines due to trees and shrubs blocked the view from Kingsway onto Prairie. We have dealt with the landscaping to make it better.

My thoughts are that the yield signs should be replaced with stop signs. A full stop seems much safer than rolling through.

Let me know what you think.

Alderman Franco
