**DISCLAIMER:**

1. In accordance with 35 Illinois Administrative Code Part 663, the priority scoring of lead service line replacement projects will occur during April and May of each year. Scoring will be based on the data from the US Department of Commerce, Bureau of Census' most recent American Community Survey 5-year estimate. Census data as of March 31 of each year to be utilized for scoring, will be posted on the Agency website.
2. Community water supply systems which have not completed their service line inventory in accordance with Section 17.12(d) of the Act are not eligible to be considered a Disadvantaged Community per 35 Illinois Administrative Code Part 663. Therefore, they are considered ineligible to receive additional subsidization (commonly known as principal forgiveness) funding for lead service line replacement through 35 Illinois Administrative Code Part 663.
