

Kevin O'Neill

Summary

Professional career spanning over 30 years in various leadership roles. Demonstrated skill in departmental and project management with extensive experience in the development and administration of training programs. Successful management of multimillion dollar budgets. Proven ability to establish innovative work environments and create service-oriented work teams.

Since retiring in 2014, I have accepted the following volunteer and community service roles:

- Carillon at Stonegate HOA, chairperson for the Common Areas and Landscaping committee from 2014 to 2017.
- Kane County Certified Naturalist program graduate and volunteer at Kane County Forest Preserves, Peck Farm in Geneva, and St. Charles Park District from 2014 to 2020.
- Unitarian Universalist Society of Geneva, chairperson of the Facilities Committee from 2017 to present, and chairperson for new Minister Search Team from 2019 to 2020.
- St. Charles Singers (professional choir) Board of Directors and Treasurer from 2017 to present.
- Kane County Election Judge from 2014 to present.

Professional Career (Last Position)

Senior Manager (1992 to 2014)
Accenture, St. Charles, IL

Responsible for the Classroom Learning Delivery function that implemented courses for Accenture's global and local learning programs. Accountable for a multimillion-dollar budget, and a staff of 375 education and administrative professionals. The Classroom Delivery teams ensured an effective learning experience by managing the learning environment, e.g., scheduling courses to meet demand, selecting and preparing qualified faculty, securing classroom resources, managing the technology requirements, and implementing course improvements.

Education

- 1981 M.B.A. University of Oregon
Major: Organizational Behavior and Human Resource Management
Graduated with honors and elected into the Beta Gamma Sigma academic fraternity
- 1976 B.S. University of Oregon
Major: Finance Minor: Economics

Other

Environmental sustainability has been an enduring passion and value. My wife and I have:

- Built an Energy Star Certified New Home in Aurora in 2013
- Purchased an electric car in 2020
- Installed solar panels on our home in 2021
- Supported the Illinois Environmental Council, Nachusa Grasslands in Franklin Grove, and The Conservation Foundation in Naperville
- Planted a native garden and raised monarch butterflies as a hobby each summer
