Chap. 6 Sec. 6-13

PAGE 1 Line 41-42

(d), based on a finding from an administrative hearing officer that such a reduction **would in no way** detrimentally affect the church....

Line 47

(2) The presumption is that the close proximity of the business seeking the license to the listed institution would have a detrimental impact. The business seeking the reduction in the distance requirement would need to show clear and convincing evidence that the institution would in no way be detrimentally affected. Also, the applicant business would need to show that no other properties are readily available in the City that would not require such a reduction.

The hearing officer shall consider the following....

Line 49

- a. The type of activity (**and method of product delivery**) to be conducted.....
