**Remarks:**

This order (the "Order" or "Order Form"), effective as of the last date signed below (the "Order Effective Date"), is entered into by and between Licensee and the Chainalysis entity set forth below and is subject to the Product Guide available at

<https://www.chainalysis.com/productguide/>. Unless (i) Licensee has a written agreement for the applicable Services dated on or after January 1, 2021, executed by the Chainalysis entity set forth below (in the event such written agreement does not explicitly cover a particular Chainalysis Service, the Master Subscription Agreement (“MSA”) linked below will apply solely to that Chainalysis Service); or (ii) Licensee is a reseller and has a Reseller Agreement in place with the Chainalysis entity set forth below; this Order is governed by the MSA (available at <https://www.chainalysis.com/msa/>) (any of the foregoing, the “Terms”). If Licensee or end user is a public sector entity (i.e., government owned or controlled), the Terms are amended by the Chainalysis Public Sector Amendment (the “PubSec Amendment,” available at <https://www.chainalysis.com/msa/pubsecamendment/>). If Licensee is accessing any Transpose services, the MSA is further amended by the Transpose Product Addendum available at <https://www.chainalysis.com/transposeaddendum/>. Notwithstanding anything to the contrary herein or in an MSA, the current version of the Acceptable Use Policy (available at <https://www.chainalysis.com/acceptable-use-policy/>) will apply to Licensee’s use of the Services. In the event of a conflict between the Chainalysis documents, the descending order of precedence will be: (i) PubSec Amendment (where applicable), (ii) Transpose Product Addendum, (iii) MSA, (iv) Order, and (v) the Product Guide. Any One-Time Fees are due upfront regardless of Billing terms. Unless stated otherwise herein or in the Terms, the Terms will control if there is any conflict between them and this Order. Capitalized terms that are not defined in this Order will have the meanings given in the Terms.
