RE: Aurora PD TAS Building WIFI

Mr. Shinkus,

Thank you for the opportunity to submit the following proposal for the project referenced above.

Scope of Work

1. Furnish and install (7) Cat6A cable for (7) WAP locations from the South IDF closet in the TAS per the coverage map provided.
2. Furnish any j-hooks necessary for a complete route.
3. Furnish and install (5) Cat6A cables for (5) WAP location from North IDF in the TAS per the coverage map provided. Excludes the WAP in the shooting range.
4. Provide labor to terminate (12) cables on the patch panels.
5. Furnish and install Cat6A RJ45 mod-plug connectors at the WAP end.
6. Provide Fluke testing on all (12) cables.
7. Review, compile and submit test results upon completion.

Labor and Equipment Total:**\$10,612.00****Notes:**

- Work to be completed during normal working hours Monday through Friday
- Assumes NTI can use the 1-man lifts on-site

We appreciate the opportunity to provide your company with a proposal and hope to work with you on this project. Should you have any questions or if we can be of further assistance, please call me at the number below.

Thank you,

Nate Schroeder
