

# Why Aetna Medicare Advantage?

Our plans cover everything Original Medicare does, along with other services it doesn't. These include:

- Additional preventive care benefits
- Annual preventive care reminders to get flu shots, important vaccinations and cancer screenings
- Caring support from nurse case managers if you have a chronic or serious health condition
- Access to the National Medical Excellence Program<sup>®</sup>, a select network of respected doctors and facilities to help you get the right care for a complex illness or injury
- Round-the-clock access to registered nurses through our toll-free Informed Health<sup>®</sup> Line\*

## Are you eligible for our plans?

You're eligible to enroll if:

- You're entitled to Original Medicare Part A
- You're enrolled in Original Medicare Part B
- You continue to pay your Part A and Part B premiums, if applicable
- You live in the plan's service area

If you don't have Original Medicare Part A, contact your employer, union or trust and ask about our Medicare Part B-only plan.

## What else you should know

Your acceptance is guaranteed as long as you meet eligibility requirements. You'll also have limits to your out-of-pocket plan costs.

For complete information, be sure to refer to your plan documents.

\* While only your doctor can diagnose, prescribe or give medical advice, our Informed Health Line nurses can provide information on more than 5,000 topics. \*You can see any provider in and out of network. If you choose to see an out-of-network provider, they must be eligible to receive Medicare payments and willing to accept the plan. You'll pay the in-network cost share all the time. Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. For a decision about whether we'll cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Services number or see your Evidence of Coverage for more information, including the cost sharing that applies to out-of-network services.
