Subject: RE: Cisco Commitment E-mail

Alayne,

Is this e-mail sufficient? If so, I will save it as a PDF and upload it into the Legistar request.

Jim...

Hi Jim,

This email is in response to your request to address a concern about whether The City of Aurora would continue to receive Smartnet Services after the expiration of the Cisco Capital Payment Plan Agreement between Key Government Finance, Inc. and The City of Aurora, dated January 25, 2016, for the financing of such Smartnet Services. The Payment Plan Agreement expires on February 25, 2020. Notwithstanding, the Smartnet services provides for the provision of services through the date of February 28, 2021 despite the expiration of the payment plan agreement.

Please let us know if this will suffice for the Finance Committee package.

Thank you – Bill

Hi Bill,

Just a reminder...in order to make the February 23rd Finance Committee agenda I need the commitment document by Wednesday, February 17th.

Hi Jim,

I sent an email to our Legal Counsel this evening. I'll reach out to her again in the morning to get the necessary information needed for the Finance Committee meeting. Stay tuned. Thx - BE

Subject: RE: Cisco Commitment E-mail

Bill,

To clarify the item is on the Finance Agenda and is being held until consideration at the next meeting on 2/23, and the commitment letter or email is needed no later than 2/18.

Jim...

Hi Bill,

We are getting closer to getting the SMARTnet agreement on our Finance Committee agenda. Clarifications/agreements we have so far:

- Key Government Finance agreement for financing the purchase.
- Sentinel lists of equipment covered under the agreement.

As there are three vendors involved in this purchase what I need is:

- Being one of the three vendors, I need a commitment letter or e-mail from Cisco. The document needs to state that based on purchasing a five-year SMARTnet agreement from Sentinel through Key Government Finance, Cisco agrees to provide SMARTnet services to the City of Aurora throughout the five-year commitment. The document must be provided from someone able to commit on behalf of Cisco.

Please let me know if you have any questions.

Thanks,
Jim...
