GABRIEL ROBINSON

Professional Summary

I grew up in the 7th ward and had the pleasure of being around Mrs.Hart-Burns for the majority of my life the things she did for us as kids were pretty amazing. We learned about community and how to be there for one another it was a feeling thats now almost extinct Id like to get back to that, something for the kids to stay busy also helping the parents and elderly in the ward I truly believe it takes a village.
