Applicant Team:

Please see below the review agencies associated with your permit application. Also note the estimated completion timeframe anticipated for each agency's initial review. Note that external agencies (County Health Departments, Count Highway Departments, Fox Metro Water Reclamation District) should be engaged at your earliest convenience, contacts are provided below. If you feel certain agencies do not apply to your project, please feel free to respond to the email with a request and we will re-evaluate the necessity of the agency in question.

Also, please see below **EGov/Click2Gov** link to track comments and progress from other agencies in review 24/7.

WEB BASED PERMIT APPLICATION TRACKING AND INSPECTION SCHEDULING

Please check out our Web based permit application tracking and inspection scheduling software Click2Gov. See why others are saying:

“Our company would like to thank the Department for working with us on this challenging yet very interesting project. Particularly we would like to thank all the inspectors who showed a great amount of support and advised us throughout the process. In addition we would like to draw special attention to your **online software that was consistently easy and convenient to use.** Your department is without a doubt **far more advanced than other municipalities** that we have worked with in the past.”
