**Subject:** guard rail

Gentlemen,

I apologize if I had already contacted you all about this but I can't find a paper trail that I did. Anyway, SD129 is requesting a guard rail be installed on Deerpath by Herget Middle school as they have had incidents of cars veering off the road at the curve there. Obviously that is a safety issue for the kids. I am not sure who would handle that request but I am in favor of it.

Thanks,  
Alderman Franco
