SOQs Received: 7

The selection criteria and weightings for project selection are indicated below.

- Technical Approach (30%). Project understanding and the entity's approach to the planning, organizing, management and design/construction of the project effort.
- Firm Experience (30%). The entity's general experience and stability, and experience on projects similar to the one under consideration.
- Staff Capabilities (20%). The education, experience, and expertise of the entity's key employees.
- Past Performance (20%). Quality of the entity's schedule, including how expeditiously the work can be completed realistically.
