

Exhibit C: Help Desk Services and Availability

Granicus will provide complete help desk support for administrators and customers of the Granicus Solutions. Regular support will be available during regular business hours, Monday-Friday; via email or toll-free telephone.

CUSTOMER SUPPORT CONTACT

Hours: 8:00 am – 10:00 pm ET (9:30 am – 5:00 pm Europe)

Emergency Support is available 24/7

Please submit support requests via:

- Portal: support.granicus.com
- Email: support@granicus.com
- Phone: 1-800-314-0147 USA, 0800 032 7764 Europe

Please submit govDelivery Communications Cloud subscriber support only requests to:

- Portal: subscriberhelp.granicus.com
- Email: subscriberhelp@granicus.com
- Phone: 1-800-439-1420 USA, 0808 234 7450 Europe

COMMUNICATION SERVICE LEVEL AGREEMENT

Granicus response to support and service requests will be based on four (4) Severity Levels:

Severity Level	Description	Examples	Initial Customer Response Time
Level 1	Emergency. Incident represents a total outage; the product is unavailable or not accessible for use	<ul style="list-style-type: none"> • govDelivery's admin.govdelivery.com is down or all sending is significantly delayed • govMeetings web server is running but the application is non-functional or SQL-server errors that are not related to hardware • govAccess website is unreachable by public users 	Within one (1) hour of notification by the customer of occurrence
Level 2	Severely Impaired. Incident occurs when a major feature of the product is not working and there is no workaround available, or the workaround is not acceptable and impacts the primary usability of the product	<ul style="list-style-type: none"> • govDelivery PageWatch sending is delayed by more than 20-30 minutes, or sudden and significant deliverability issues or intermittent errors or low performance issues for some or many customers • Site operational but govMeetings modular functionality is non-operational • govAccess error, where there is no means of circumvention, that renders an essential component of the content management tool non-functioning that did not occur at the time of the website launch and usually requires debugging of programming code 	Within four (4) hours of notification by the customer of occurrence

Level 3	Impaired. Incident occurs when a primary feature of the product is not working as expected and an acceptable workaround is available – does not impact the basic usability of the product	<ul style="list-style-type: none"> • govDelivery system not connecting to social media, single customer app/feature help, or database requests • govMeetings system files won't upload, or text not rendering • govAccess website works but there are problems with presentation 	Within one (1) business day of notification by the customer of occurrence
Level 4	Low Impact. Incident that has a limited business impact and requests can be scheduled.	<ul style="list-style-type: none"> • Programmatic change to back-end or front-end to improve efficiency • Distribution of all patches and upgrades 	Within three (3) business days of notification of customer of occurrence

Resolution time will be based on the service or support request and regular follow-ups will be communicated with the customer on final resolution. Granicus shall use commercially reasonable efforts to resolve errors affecting non-essential components of Granicus Solutions, or errors that can be reasonably circumvented but errors that require debugging of programming code may need to be corrected during the next regular update cycle.

AVAILABILITY

Availability is defined as the ability of users to access the Granicus Solutions services via the internet. Granicus represents an up-time guarantee of 99% per calendar quarter for its hosted services. Notifications for Granicus Solutions of any system-wide outages will occur within one hour from the time the issues are first recognized by Granicus.

Downtime is defined as any time that the Granicus Solutions services are unavailable.

A **Site Outage** is defined as continuous Downtime, as determined through URL monitoring (HTTP). Downtime reporting is limited to a Site Outage. Site Outage monitoring is conducted by Granicus utilizing industry-standard monitoring tools. Reports of Site Outages will be provided on an as-requested basis up to once per calendar quarter.

A Site Outage does not include Downtime that falls into one or several of the exclusions below:

- Scheduled or routine maintenance
- Caused by force majeure (which shall include any circumstances beyond Granicus's reasonable control, including but not limited to, acts of God, labor strikes and other labor disturbances, power surges or failures)
- The first four (4) Site Outages in any given quarter that are corrected within fifteen (15) minutes of their start
- The first five (5) minutes of any Site Outage is a grace period and will not be considered Downtime under any circumstances
 - Example: a Site Outage of fourteen (14) minutes in duration that is one of the first four (4) such outages in a given quarter would not result in any Downtime, while a Site Outage of sixteen (16) minutes would result in eleven (11) minutes of Downtime. After four (4) Site Outages of between five (5) and fifteen (15) minutes in a quarter, all Site Outage time over five (5) minutes for any one instance will count as Downtime.

- For **govAccess**, Granicus is not responsible for errors associated with denial of service attacks, distributed denial of service attacks, or customer DNS

SCHEDULED MAINTENANCE

govDelivery. Scheduled maintenance typically occurs every thirty (30) days with average Downtime required being less than thirty (30) minutes. Planned or routine maintenance is limited to two (2) hours per week. Total scheduled Downtime for the year will not typically exceed twenty (20) hours.

govMeetings. Scheduled maintenance will take place between 11:00 pm – 4:00 am ET on Fridays. Granicus, will provide the customer with at least two (2) days' notice for any scheduled maintenance. All system maintenance will be performed during these times, except for emergency maintenance. In the case that emergency maintenance is required, the customer will be provided as much advance notice as possible. Granicus will clearly post that the site is down for maintenance and the expected duration of the maintenance.

govAccess. Scheduled maintenance will take place between 1:00 am – 4:00 am ET every Monday.

govService. Planned or routine maintenance is limited to two (2) hours and typically occurs every two (2) weeks.

All Solutions. Notifications and additional scheduled maintenance will be posted on status.granicusops.com. Email notifications for these products can be subscribed to from that page.
