STANDARD AGREEMENT FOR CONSULTANT SERVICES AT ILLINOIS AIRPORTS FOR ARCHITECTURAL/ENGINEERING (A/E), PLANNING AND SPECIAL SERVICES

Authorized for use by The Illinois Department of Transportation Division of Aeronautics Effective: June 2012

Preliminary Assessment and Schematic Design	X Construction Phase Services
Design Phase Services	Planning and Special Services
THIS AGREEMENT, made at, Illinois, this, year 20_24by and between the	(hereinafter referred to as the(hereinafter referred to
WITNESSETH	
The Sponsor intends to undertake the accomplishment of a public air navigation facility known as the	a Municipal Airport (ARR)
in Kane County, state of Illino Illinois Project No. ARR-4544; S.B.G. Project	
following is the detailed project title and description from the III	
of Planning and Programming (OP&P) program letter which so the project (attach supplemental information as necessary in So Rehabilitate Auto Parking Lots and Entrance Road	hall be carried through the development of ection I.G., Detailed Scope of Services):
A detailed sketch of the proposed work, labeled ATTACHMEN	T P, shall be attached.
In consideration of the benefits which will accrue to the parties	

respective covenants herein contained, IT IS MUTUALLY COVENANTED AND AGREED as follows:

The Consultant agrees to furnish executed "Certification of Engineer" and certain professional engineering services enumerated herein-after, in connection with the implementation and development of the aforesaid project.

The Department of Transportation, Division of Aeronautics within the state of Illinois shall act as Agent of the Owner/Sponsor for all matters involving the development of any public air navigation facility by virtue of the Illinois Aeronautics Act. The Illinois Aeronautics Act requires and directs the Illinois Department of Transportation, Division of Aeronautics (hereinafter referred to as the "Department") to "regulate and supervise aeronautics within this state", with "aeronautics" defined as "...the design, establishment, construction, extension, operation, improvement, repair or maintenance of airports...". The Department shall not expend any funds appropriated, or made available...for any work upon any such project that is not contracted for and constructed or developed under the supervision or direction of the Department. Financial assistance may include reimbursement to eligible airport Sponsors for...engineering costs directly related to projects financed in whole or in part by federal/state monies provided such engineering costs were approved by the Department prior to the payment of these costs by the airport Sponsor. The approval of engineering costs prior to payment shall qualify those costs for federal/state reimbursement but shall not constitute an obligation of federal/state funds.

Since the services contemplated under this Agreement are professional in nature, it is understood that the Consultant, acting as an individual, partnership, firm or other legal entity, is of professional status and will be governed by professional ethics in their relationship to the Department and the Sponsor. The Department acknowledges the professional and ethical status of the Consultant by approving this Agreement and the associated fees for federal/state eligibility (either in whole or part) on the basis of their qualifications and experience and determining their compensation by mutually satisfactory negotiations.

Any additions/deletions, revisions/modifications to this Agreement without the expressed written consent of the Department shall void this Agreement as it relates to state and federal funding participation eligibility.

I. ARCHITECTURAL/ENGINEERING (A/E), PLANNING AND SPECIAL SERVICES

The Consultant agrees to perform various professional engineering and planning services and provide necessary and required information pursuant to the accomplishment of the above referenced project.

It is understood that meetings will be common to all phases. The Consultant will coordinate project kick-off, pre-design and pre-construction meetings and project status update meetings, as required, in order to resolve project issues with the Department, Sponsor and/or other regulatory and review agencies. The Department shall be notified of scheduled agency meetings and given the opportunity to participate. Meetings for which effort will be billed shall be thoroughly documented by minutes with copies distributed to the Sponsor and the Department within 10 days of the meeting. Failure to properly document meeting discussions could result in the loss of part or all of the professional services compensation eligibility associated with this activity.

A. PRELIMINARY ASSESSMENT AND SCHEMATIC DESIGN - NOT INCLUDED THIS AGREEMENT

This phase includes activities required for agency coordination and permit development, non-routine surveys, testing and architectural/engineering preliminary design considerations of a project. Elements of this phase may include development of architectural schematic building designs and reports, non-routine geological and field investigations (soil borings and pavement cores), DCP testing, FWD testing (when used to evaluate pavement as part of a strengthening project), coordination of FAA reimbursable agreements, coordination of utility relocation agreements, coordination of force account activity (must be pre-approved by the Department in writing).

The Consultant shall furnish and/or perform engineering reconnaissance necessary for the preparation and development of an engineering report, bidding documents (design plans and specifications) including topographic field surveys, crack surveys, and sampling and testing for routine soils investigations (in accordance with ATTACHMENT J – Testing Schedule & ATTACHMENT K – Testing Rates & Cost Summary).

This phase will culminate in the submittal of a detailed engineering report with project alternatives and design recommendations and project completion timeline assessment.

The Consultant shall furnish an engineering report in accordance with standard practices and the provisions of ATTACHMENT E – Engineering Report. The report will include an analysis of preliminary surveys, geotechnical testing and alternative designs and include final project design recommendations.

The project completion timeline assessment will identify necessary effort required to complete the final project design (complete construction plans and specifications). This phase of project development will represent approximately 35% of the project design timeline. Project formulation should be consistent with the TIP submittal and the program letter project description (ATTACHMENT R). If not, identify components that have changed as a result of the preliminary assessment and schematic design analysis.

A detailed scope of services shall be attached with anticipated labor effort and costs delineated in ATTACHMENTS A / A1.

B. DESIGN PHASE SERVICES- NOT INCLUDED THIS AGREEMENT

This phase shall include activities required to accomplish a project design in accordance with the established Aeronautics letting schedule project design timeline and approved letting date determined at the pre-design meeting. Requests for time extensions beyond the previously agreed-to submittal deadline dates (as established in the Department's Letting Schedule, ATTACHMENT Q, and this Agreement) must be made to the Department in writing not less

than 5 days prior to the due date of the submittal. The request for extension must be signed by a principal/officer of the Consultant's firm. Incomplete submittals will not be accepted. Milestone submittals include the engineering report (at 35% design timeline), plan / spec review (at 80% design timeline) and final submittal of all deliverables (at 100% design timeline). A detailed scope of services shall be attached with anticipated labor effort and costs delineated in ATTACHMENTS B / B1. Elements of this phase may include:

1. CONSTRUCTION PLANS, SPECIAL PROVISIONS AND ESTIMATES

The Consultant shall prepare and furnish for Department review and comment construction plans, special provisions and construction Safety Plan (per guidance explained in FAA AC 150/5370-2F (or current) Operational Safety on Airports during Construction) at the 80% project design timeline with detailed estimate of costs, estimated DBE participation goal and working/calendar day flow chart, for the particular design authorized in this Agreement.

2. CLARIFICATION OF PLANS

The Consultant shall render clarification of the construction plans and specifications, when and if such clarification is deemed necessary.

3. BIDDING ASSISTANCE

The Consultant shall assist the Sponsor and/or Department in the bidding process, analyze and summarize bid results.

C. CONSTRUCTION PHASE SERVICES

This phase shall include all basic services after the award. A detailed scope of services shall be attached with anticipated labor effort and costs delineated in ATTACHMENTS C / C1.

1. OFFICE ENGINEERING

a. SHOP DRAWINGS

Review the detailed construction, shop and erection drawings submitted by the contractor(s) for compliance with design concepts.

b. SUPPLEMENTARY SKETCHES

Preparation of elementary and supplementary sketches plus estimates required to resolve actual field conditions.

c. RECORD DRAWINGS

The Consultant shall prepare Record Drawings within thirty (30) days after the official Notification from the Department of the Official Acceptance of the Construction Work; and after approval by the Department, furnish said Department with one (1) set of such record drawings. The submittal format shall be in accordance with the current policies of the Department.

d. MATERIALS CERTIFICATION

Prior to reporting a pay item quantity for payment, the materials used and incorporated in, or associated with the pay item, shall be verified for specification compliance by the Consultant. The Consultant shall obtain and review all certifications and/or test results required by the policies of the Department and the Department's *Manual for Documentation of Airport Materials*. At the completion of, or any time prior to the completion of the final quantity of a pay item, the Consultant shall submit the aforementioned material certifications and/or test results, that were utilized for acceptance of material, to the Department for review and final approval.

Prior to final payment of engineering services under this agreement, the Consultant shall have submitted required certifications and test results to the Department, and the Consultant shall have signed the Department's MATERIALS CERTIFICATION FORM.

2. FIELD ENGINEERING

a. RESIDENT ENGINEER APPROVAL

The Consultant agrees to furnish the name and qualifications of the Resident Engineer in writing for approval of the participating agencies prior to the preconstruction conference that shall attend said preconstruction conference and shall perform the various professional engineering services required of the Resident Engineer in 2.b. thru 2.f. below and inspection of construction.

b. DAILY DIARY

The Resident Engineer shall maintain a daily diary. Copies shall be forwarded to the Department (ATTACHMENT F).

c. DUTIES OF RESIDENT ENGINEER

Furnish full time (unless part time is approved by the Sponsor and/or Department) Resident Engineering of construction including project inspection, field testing, and furnish surveying at the site of the work, whose duties shall include all reasonable, proper and customary duties as are usually and customarily furnished in connection with the general engineering of construction of such improvements, including but not limited to the following:

- i. Performance of acceptance and quality assurance tests when required by Department policy and/or contract specification. Examples of these tests include but are not limited to: Testing concrete for slump and air content; testing concrete for strength; testing bituminous concrete pavement for density using the nuclear method and using the Bulk Specific Gravity Method. Obtaining representative samples of miscellaneous materials such as paint, geotextile fabric, joint sealer, epoxy, polyester resin, etc. for testing as necessary, and/or as directed by the Department; performance of field density tests of earthwork embankments, backfills and subgrade; field density tests of subbase and base courses, and moisture content tests on materials where applicable; and, laboratory proctor tests where applicable. Test Reports shall be submitted to the Department within three (3) working days of the date the test was conducted.
- ii. Inspection/Measurement/Oversight of construction to determine that the work was completed in substantial conformance with the approved plans and specifications, and in compliance with the requirements set forth in the contract documents. All stop or start work orders shall be issued by the Department; the Resident Engineer shall recommend the orders. Document pay item quantities reported for pay in accordance with the latest revision of the Department's Airport Construction Documentation Manual.
- iii. Preparation and forwarding to the Department of periodic project reports required by the Department. Bi-weekly construction reports will be submitted to the Department, within three (3) calendar days of the end of the contractor's work week.
- iv. To obtain and review for specification compliance, material certifications and/or test results for all materials prior to their use in the construction.

- v. To reject for inclusion in the project, any materials that are delivered without certification and/or test results, or materials delivered with certification that has been found to be in noncompliance, or any defect found through visual inspection which renders the material unsuitable for inclusion in the project. The Department shall be notified when any rejections are made. Materials that are delivered without certification and/or test results may be stockpiled or stored in a manner acceptable to the Resident Engineer until such time as the certification and/or test result arrive and are reviewed and accepted by the Resident Engineer.
- vi. Preparation of Reports required per the Sponsor's NPDES permit while providing on-site services, retaining all support documentation.
- vii. Participate in audits performed to determine that the project is proceeding accordingly per the plans and specifications and adhering to AIP grant requirements.

d. FINAL INSPECTION

Initiate a request, upon substantial completion of all construction work, for a final inspection by the Department. When necessary, a punch list of uncompleted items and electrical checklist (if applicable) on the project shall be established at the final inspection. Submit a final acceptance letter (punch list complete) which shall certify to the Department and the Sponsor that, to the best of the Consultant's knowledge, information and belief, the work involved has been done in substantial conformance with the plans, specifications, and Contract Document, as the same shall have been modified, or supplemented by change order, supplementary contract or otherwise, and that such work is acceptable.

e. SAFEGUARD THE SPONSOR

Endeavor to safeguard the Sponsor against any defects and deficiencies on the part of the Contractor. The Resident Engineer does not guarantee the performance of the contract by the Contractor, except that the Resident Engineer shall ensure that, to the best of the Resident Engineer's knowledge, information and belief, the work has been done in substantial conformance with the approved plans and specifications and advise the Sponsor and/or the Department in writing of any known noncompliance set forth in the contract. This does not in any way mean that the Resident Engineer is a guarantor of the Contractor's work. The Resident Engineer assumes no responsibility for safety in, on or about the job site, nor shall the Resident Engineer have any responsibility for the safety or adequacy of any equipment, building component, scaffolding, forms or other work aids provided by the contractor; nor is the Resident Engineer responsible for the superintendence of the contractor's work or any acts of the contractor.

f. OTHER ENGINEERING SERVICES

Furnish other Engineering Services which may be required by the Sponsor, including surveys. sub-surface investigations, sampling, testing, and analysis of soils, offsite inspection of materials, laboratory testing, and inspection and control at central mixing plants. Where tests must be conducted by commercial laboratories, only those laboratories approved by the Department will be utilized. If any of these services are conducted by outside firms, the Resident Engineer shall submit copies of the executed contract for such services as specified in Section III.B., of this Agreement. The charges for such services shall be specified in the contract and will remain in effect until completion of the services and acceptance by the Consultant. Certified copies of the results of all tests required by the Department under this paragraph are to be mailed to the Department within five (5) calendar days after the tests are completed.

g. FINAL QUANTITIES

Final quantities associated with the accepted construction work shall be submitted to the Department within thirty (30) days after final acceptance of the construction work.

D. PLANNING AND SPECIAL SERVICES - NOT INCLUDED THIS AGREEMENT

This phase may involve activities or studies unrelated to or outside of the scope of basic design and construction phase engineering services routinely performed by the Consultant. Those activities may include master plan and airport layout plan development, environmental studies and assessments, PCI surveys, FWD testing (when used to evaluate pavement as part of a publication revision), first-order NGS monument surveys, boundary surveys, aeronautical surveys, photogrammetric surveys and topographic mapping, preparation of property ownership plats and easements, appraisal and land acquisition services, benefit / cost analysis studies, RSA determination studies, drainage studies and analyses, FEMA/FIRM map revisions and GIS updates. A detailed scope of services shall be attached with anticipated labor effort and costs delineated in ATTACHMENTS D / D1.

E. ENDORSEMENT OF DOCUMENTS

The Consultant will endorse and seal all final draft reports, contract plans, maps, right of way plats, and special provisions for construction contract documents. Such endorsements must be made by a person, duly licensed or registered in the appropriate category by the Department of Financial and Professional Regulation of the state of Illinois, being employed by the Consultant and responsible for the portion of the services for which license registration is required. These sealed documents will serve as the record documents for the services covered by the terms of the Agreement.

F. DELIVERABLES

At a minimum, the Consultant shall provide the Department (copy Sponsor upon request) the following deliverables:

- 1. Final project estimate of costs complete w/ professional services fees and sponsor reimbursement estimates.
- 2. DBE participation goal and breakout of DBE work.
- 3. QA verification of ELM Engineers Estimate for Schedule of Prices.
- 4. Calendar day estimate of construction and detailed breakout of critical work items and associated production rates.
- 5. One set of final construction plans (half-size) and special provisions sealed by the Consultant and executed by the Sponsor.
- 6. One copy of the construction Safety Plan (per guidance explained in FAA AC 150/5370-2F (or current) Operational Safety on Airports during Construction).
- 7. Original executed Consultant Project Certification (ATTACHMENT N).
- 8. Executed DBE Final Documentation (ATTACHMENT O).
- 9. Electronic copy/access of all information (via CD, electronic submittal or ftp site).

G. NOTICE-TO-PROCEED (NTP)

The Consultant shall not commence any phase of the work until the "official notice-to-proceed" (NTP) has been issued in writing either by the Sponsor or Department (via Office of Planning and Programming).

Services to be performed by the Consultant under this Agreement shall become eligible for funding participation consideration as of the date of the written NTP. The dated project program notification letter (i.e. Program Letter) from the Department's Office of Planning and Programming, indicating the project's inclusion in the state program and the estimated funding participation sources/levels, shall constitute the NTP. The Consultant shall schedule a project phase kick-off meeting (pre-design, pre-construction, etc) with the Sponsor and the Department at the earliest possible convenience upon the Sponsor's receipt of this letter.

For projects not covered by a program letter or with program letter pending, the Sponsor may issue the written NTP with concurrence from the Department. In such cases, the Sponsor is fully liable for all costs incurred as a result of such authorization pending future reimbursement once the project is programmed and a program letter is issued. The Sponsor/Consultant is required to schedule a project phase kick-off meeting (pre-design, preconstruction, etc.) with the Sponsor and the Department at the earliest possible convenience.

A copy of the program letter shall be included as ATTACHMENT R of this Agreement.

In the absence of a written, dated notice-to-proceed, the execution date of this Agreement shall be used to determine the eligibility of service dates.

The Sponsor and the Department are not liable, and shall not authorize payment to the Consultant, for any services performed prior to the date of notice to proceed or the execution of this Agreement (whichever takes precedent). All effort, regardless of the notice-to-proceed authorization, is subject to review and eligibility funding determination.

H. **DETAILED SCOPE OF SERVICES** (Attach / insert here).

Under this agreement the Engineer will provide construction phase services as provided for herein. The proposed project will include the construction phase engineering services for the **Rehabilitate Auto Parking Lots and Entrance Road** at Aurora Municipal Airport generally as follows:

- I. General
- a. Per the estimate of contract time, the manhour estimate for construction phase services is based on the contractor utilizing no more than 40 days worked for Base Bid, 3 days worked for Additive Alternate No. 1, 4 days worked for Additive Alternate No. 2 and 4 days worked for Additive Alternate No. 3 to complete construction on the project.
- b. Anticipated May 6, 2024 start of contractor work and June 30, 2024 completion date which includes 56 calendar days for the Base Bid and July 4, 2024 completion date which includes 4 calendar days for Additive Alternate No. 1 and July 7, 2024 completion date which includes 3 calendar days for Additive Alternate No. 2. And July 11, 2024 completion date which includes 4 calendar days for Additive Alternate No. 3.
- c. No winter shut down is anticipated for this project.
- d. Assume 9 hours per day worked by the contractor.
- e. Contractor work schedule of 5 days/week for 56 calendar day duration which yields 40 weekdays worked for base bid, 3 weekdays worked for Additive Alternate No. 1, 4 weekdays worked for Additive Alternate No. 2 and 4 weekdays worked for Additive Alternate No. 3.
- f. Base Bid: engineering effort is based on anticipated working days as follows: 40 weekdays worked at onsite 9 hours/day for resident engineer and 7 weekdays worked at onsite 9 hours/day for assistant inspector and 8 hours for electrical inspections.
- g. Additive Alternate No. 1: engineering effort is based on anticipated working days as follows: 3 weekdays worked at 9 hours/day for resident engineer and 1 weekday worked onsite 9/hours/day for assistant inspector.
- h. Additive Alternate No. 2: engineering effort is based on anticipated working days as follows: 4 weekdays worked at 9 hours/day for resident engineer and 2 weekdays worked onsite 9/hours/day for assistant inspector.
- i. Additive Alternate No. 3: engineering effort is based on anticipated working days as follows: 4 weekdays worked at 9 hours/day for resident engineer.
- j. All engineering effort is expected to be completed September 30, 2024.
- k. The anticipated effort, scope and estimated manhours for each Task is defined within Attachments C, C-1, C-2 and C-3 contained within this contract.

II. CONSULTANT COMPENSATION

Α.

В.

The Sponsor agrees to pay the Consultant as compensation for rendering the professional services hereinabove described and submitted using the standard Department invoice forms (ATTACHMENTS G & H). Burden and overhead rates entered into this Agreement shall be in effect for the length of the agreement and will not be adjusted, except as may be determined under an audit of costs by the Auditor General or the Department. The rates used in this Agreement shall be the latest audited or provisional approved rates by IDOT as of the date of execution of this Agreement (approval letter must be attached). Should the rate change in the time between the final approval notification of fees and the execution of this Agreement, hours will be adjusted accordingly so that there is no increase in the final approved not-to-exceed amount.

Any professional services effort performed beyond the not-to-exceed limits expressed below, and for which a future amendment will be sought, will be performed under all Agreement provisions as the original contracted work. The dollar value of such effort is not considered approved for payment until review and approval by the Department.

For	ELIMINARY ASSESSMENT AND SCHEMATIC DESIGN – not included this agreement services outlined in Section I.A., Preliminary Assessment and Schematic Design, and her detailed in Section I.H., Detailed Scope of Services,
1.	a lump sum payment of $\frac{n/a}{}$ (representing approximately 35% of the total estimated professional services compensation for design phase services as determined from the TIP request). The fee shall be paid as a lump sum when the preliminary assessment and schematic design phase deliverables (outlined in Section I.A.) are approved and accepted by the Department.
DE	SIGN PHASE SERVICES
For	services outlined in Section I.B., Design Phase Services, and further detailed in Section , Detailed Scope of Services,
1.	a cost plus a fixed payment of \$
	total amount not to exceed \$\frac{n/a}\$ unless a major change or addition to the scope of services is required by the Department or extensions of time are necessary for completion of the project. All justification for amendments shall be documented with effort recorded separate from the hours approved under this Agreement. All amendment requests must be supported by justification per Section III.M., Amendments to the Agreement. The payment of this fee shall be made in monthly installments submitted by the Consultant and approved by the Department. The final charges shall be submitted after the Design Phase Services have been performed, approved and all deliverables accepted by the Department in accordance with the guidance outlined in Section I.F. This period of time expires 30 days after award of the construction contract. Any submittal after this time shall not be considered eligible for payment / reimbursement by the Department unless extended by the Department.
2.	a lump sum payment of \$\frac{n/a}\$ unless a major change or addition to the scope of work is required by the Department or extensions of time are necessary for completion of the project. All justification for amendments shall be documented with effort recorded separate from the hours approved under this Agreement. All amendment requests must be supported by justification per Section III.M., Amendments to the Agreement. The fee shall be paid as a lump sum when the design phase deliverables (outlined in Section I.F.) are approved and accepted

by the Department.

C. CONSTRUCTION PHASE SERVICES

For services outlined in Section I.C., Construction Phase Services, and further detailed in Section I.H, Detailed Scope of Services,

a cost plus a fixed payment of \$	SEE ATTACHMENT C
total amount not to exceed \$	SEE ATTACHMENT C
	_

If more than one contract exists for the project, the monthly invoices submitted by the Consultant shall detail the amounts of work accomplished under each separate contract. The invoices shall also indicate the dates that the services were performed. If these services are furnished by the Consultant by obtaining such services outside the Consultant's organization, the Consultant shall be reimbursed at his actual cost for obtaining these services. However, the total payment to the Consultant shall be within the "not to exceed" amount as previously stated unless an amendment to this agreement is approved by the Sponsor (and/or Department if applicable).

D. PLANNING AND SPECIAL SERVICES – not included this agreement

For services outlined in Section I.D., Planning and Special Services, and further detailed in Section I.H., Detailed Scope of Services,

1.	a cost plus a fixed payment of \$	n/a
Τ.	total amount not to exceed \$unless a major change or addition to the scorextensions of time are necessary for commendments shall be documented with efform under this Agreement. All amendment required Section III.M., Amendments to the Agreement monthly installments submitted to and apport the Special Services Phase shall be submitted to find the acceptance.	n/a ope of work is required by the Department or impletion of the project. All justification for it recorded separate from the hours approved uests must be supported by justification perent. The payment of this fee shall be made in roved by the Sponsor. The final charges for initted within forty-five (45) days after official eptance of the construction work or within 45 Department of acceptance of other non-

2. a lump sum payment of \$\frac{n/a}{\text{unless}}\$ unless a major change or addition to the scope of work is required by the Department or extensions of time are necessary for completion of the project. All justification for amendments shall be documented with effort recorded separate from the hours approved under this Agreement. All amendment requests must be supported by justification per Section III.M., Amendments to the Agreement. The fee shall be paid as a lump sum when the deliverables are approved and accepted by the Department.

III. SPECIAL CONDITIONS

The Consultant shall render the services in accordance with generally accepted Professional Standards.

A. TERMINATION

(Reference: 49 CFR Part 18.36(i)(2); FAA Order 5100.38)

The Sponsor, by written seven (7) day notice, may terminate this agreement in whole or in part at any time, because of the failure of the other party to fulfill his agreement obligations.

Upon receipt of such notice, the Consultant shall: (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the Sponsor all data, drawings, specifications, reports, estimates, summaries and such other information and materials as may have been accumulated by the Consultant in performing this agreement whether completed or in process.

- If the termination is due to the failure of the Consultant to fulfill his agreement obligations, the Sponsor may take over the work and prosecute the same to completion by agreement or otherwise. In such case, the Consultant shall be liable to the Sponsor for any additional cost occasioned to the Sponsor thereby.
- 2. If, after notice of termination for failure to fulfill agreement obligations, it is determined that the Consultant had not so failed, the termination shall be deemed to have been effected for the convenience of the Sponsor.
- 3. It is hereby understood and agreed that should the agreement be terminated, the Consultant shall be entitled to and shall receive a fee based on the amount of work accomplished and approved by the Department up to the day of notification of termination. The fee shall be equal to the sum of the actual number of man-hours of each category of work applied at a negotiated hourly rate, plus any outside services approved by the participating agencies and accomplished prior to the notification. If terminated under Section III.HH., Breach of Contract Terms, the Consultant will not be entitled to profit on the work accomplished.

B. CHANGE IN CONSTRUCTION PLANS

It is hereby understood and agreed that if the construction plans are completed in accordance with criteria and/or decisions made by the Sponsor (and/or the Department if applicable), and approved by the Department, and said construction plans are substantially changed or revised, for any reason other than the fault of the Consultant in preparing same, then the Consultant shall be entitled to compensation for rendering the services necessary to complete the changes. The amount of this fee shall be negotiated between the Sponsor, Consultant and the Department, and approved by the Department, and an amendment to the agreement should be accomplished prior to authorizing the Consultant to proceed with the changes. The fee shall be due and payable when the revisions are approved by the Sponsor and the Department.

It is the Consultants responsibility to notify the Department as soon as possible when changes/revisions are identified that are beyond the scope of services contemplated under this Agreement.

C. HOLD HARMLESS

The Consultant shall be responsible to pay for all labor, material and equipment costs incurred and for any and all damages to property or persons to the proportionate extent arising out of the negligent performance of services under this agreement and shall indemnify and save harmless the Sponsor, (and/or the Department if applicable), their officers, agents and employees from all third party suits, claims, actions or damages of any nature whatsoever to the proportionate extent resulting there from. These indemnities shall not be limited by the listing of any insurance coverage. If any errors, negligent acts and/or omissions are made by the Consultant in any phase of the work under this agreement, the correction of which may require additional field or office work, the Consultant will be promptly notified and will be required to perform such additional services as may be necessary to correct these errors, negligent acts and/or omissions without undue delay and without additional cost to the Sponsor (and/or the Department if applicable). The Consultant shall be responsible for any damages incurred as a result of his errors, negligent acts and/or

omissions and for any losses or cost to repair or remedy construction as a result of his errors, omission and/or negligent acts, to the extent such error, omission or negligent act breeches the Professional Standard of care. The Consultant shall not be responsible for any consequential damages of the Sponsor or the Department. Neither the Consultant, nor the Sponsor, nor the Department shall be obligated for the other parties' negligence or for the negligence of others.

D. DRAWING OWNERSHIP

It is further mutually agreed by the parties hereto that reproducible copies of the drawings, computer disks, tracings, construction plans, specifications and maps prepared or obtained under the terms of the contract shall be delivered to and become the property of the Sponsor and basic survey notes and sketches, charts, computations and other data shall be made available upon request of the Sponsor. If any information is used by the Sponsor or another Consultant such use or reuse by the Sponsor or others shall be at the sole risk and without liability or legal exposure to the Consultant.

E. CONTRACT FOR OUTSIDE SERVICES

If any of the services outlined in Section I. are furnished by the Consultant by obtaining such services outside the Consultant's organization, the Consultant shall provide an executed contract between the person(s) or firm and the Consultant outlining the services to be performed and the charges for the same. Two (2) copies of the executed contract shall be submitted to the participating agencies for approval prior to the services being performed; all covenants and Special Conditions shall be included and binding on all subcontracts.

F. FORMERLY NOTICE TO PROCEED (See Section I.G.)

G. SUBLET AGREEMENT

Each party binds himself, his partners, successors, executors, administrators and assigns, to the other part of this agreement and to the partners, successors, executors, administrators and assigns for such other party at all covenants of this Agreement.

Except as above, neither the Sponsor nor the Consultant shall assign, sublet or transfer his interest in this agreement without the written consent of the other party hereto.

H. AGREEMENT EXPIRES

This agreement expires upon final approval and acceptance of the completed project(s) by the Sponsor (and/or Department as applicable), and after all final engineering charges have been paid to the Consultant as of the date of project close-out or after five years from the date of execution, whichever comes first. Payment liability by the State is as outlined above (see Section I.G., Notice to Proceed and Section II., Consultant Compensation).

I. EQUAL EMPLOYMENT OPPORTUNITY

(Reference: 49 CFR Part 21; FAA AC 150/5100-15A or latest revision)

The Consultant agrees to conduct the services in compliance with all the requirements imposed by or pursuant to Title VI of the Civil Rights Act of 1964, Part 21 of the Regulations of the Secretary of Transportation, and Executive Order No. 11246, "Equal Employment Opportunity," as amended.

During the performance of this contract, the Consultant, for itself, its assigns and successors in interest (hereinafter referred to as the "Consultant") agrees as follows:

- Compliance with Regulations. The Consultant shall comply with the Regulations relative
 to nondiscrimination in federally assisted programs of the Department of Transportation
 (hereinafter, "DOT") Title 49, Code of Federal Regulations, Part 21, as they may be
 amended from time to time, (hereinafter referred to as the Regulations), which are herein
 incorporated by reference and made a part of this contract.
- 2. <u>Nondiscrimination</u>. The Consultant, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subconsultants, including procurements of materials and leases of equipment. The Consultant shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- 3. Solicitations for Subcontracts, Including, Procurements of Materials and Equipment. In all solicitations either by competitive bidding or negotiation made by the Consultant for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subconsultant or supplier shall be notified by the Consultant of the Consultant's obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, or national origin.
- 4. <u>Information and Reports</u>. The Consultant shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information and its facilities as may be determined by the sponsor or the Federal Aviation Administration (FAA) to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a Consultant is in the exclusive possession of another who fails or refuses to furnish this information, the Consultant shall so certify to the sponsor or the FAA, as appropriate, and shall set forth what efforts it has made to obtain the information.
- 5. <u>Sanctions for Noncompliance</u>. In the event the Consultant's noncompliance with the nondiscrimination provisions of this contract, the sponsor shall impose such contract sanctions as may determine to be appropriate, including, but not limited to:
 - a. withholding of payments to the Consultant under the contract until the Consultant complies, and/or
 - b. cancellation, termination, or suspension of the contract, in whole or in part.

Incorporation of Provisions. The Consultant shall include the provisions of paragraphs 1 through 5 (above) in every subcontract, including procurement of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The Consultant shall take such action with respect to any subcontract or procurement as the sponsor may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event an Consultant becomes involved in, or is threatened with, litigation with a subconsultant or supplier as a result of such direction, the Consultant may request the sponsor and/or Department to enter into such litigation to protect the interests of the sponsor and, in addition, the Consultant.

DISADVANTAGED BUSINESS ENTERPRISE (DBE) ASSURANCES

- <u>Policy</u>. It is the policy of the Department of Transportation (DOT) that disadvantaged business enterprises as defined in 49 CFR Part 23 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement. Consequently, the DBE requirements of 49 CFR Part 23 applies to this agreement.
- 2. <u>DBE Obligation</u>. The Consultant agrees to ensure that disadvantaged business enterprises as defined in 49 CFR Part 23 have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement. In this regard, all Consultants shall take all necessary and reasonable steps in accordance with 49 CFR Part 23 to ensure that disadvantaged business enterprises have the maximum opportunity to compete for and perform contracts. Consultants shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

J. OPEN ACCESS TO DOCUMENTS

(Reference: 49 CFR Part 18.36(i); FAA Order 5100.38) (Public Act 90-0572 Section 20-65; Public Act 87-991)

The Consultant shall maintain, for a minimum of 5 years after the completion of the contract, adequate books, records, and supporting documents to verify the amounts, recipients, and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records, and supporting documents related to the contract shall be available for review and audit by the Auditor General; and the Consultant agrees to cooperate fully with any audit conducted by the Auditor General and to provide full access to all relevant materials. Failure to maintain the books, records, and supporting documents required by this Section shall establish a presumption in favor of the State for the recovery of any funds paid by the State under the contract for which adequate books, records, and supporting documentation are not available to support their purported disbursement.

K. CERTIFICATION OF CAPACITY TO CONTRACT

(Public Act 90-0572, Section 50-13)

It is unlawful for any person holding an elective office in this State, holding a seat in the General Assembly, or appointed to or employed in any of the offices of State government, or who is an officer or employee of the Illinois Building Authority or the Illinois Toll Highway Authority, or who is the wife, husband or minor child of any such person, to have or acquire any contract, or any direct pecuniary interest in any contract therein, whether for stationery, printing, paper or for any services, materials or supplies, which will be wholly or partially satisfied by the payment of funds appropriated by the General Assembly of the State of Illinois or in any contract of the Illinois Building Authority or the Illinois Toll Highway Authority. Payments made for a public aid recipient are not payments pursuant to a contract with the State within the meaning of this Section.

It is unlawful for any firm, partnership, association or corporation in which any such person is entitled to receive more than 7 1/2% of the total distributable income to have or acquire any such contract or direct pecuniary interest therein.

It is unlawful for any firm, partnership, association or corporation in which any such person together with his spouse or minor children is entitled to receive more than 15%, in the aggregate, of the total distributable income to have or acquire any such contract or direct pecuniary interest therein.

Nothing in this Section invalidates the provisions of any bond or other security hereto or hereafter offered for sale or sold by or for the State of Illinois.

This Section does not affect the validity of any contract made between the State and an officer or employee of the State or member of the General Assembly, his spouse, minor child or any combination of such persons, if that contract was in existence before his election or employment as such officer, member, or employee. Such a contract is void, however, if it cannot be completed within 6 months after such officer, member, or employee takes office, or is employed.

This Section does not apply to (1) a contract for personal services as a teacher or school administrator between a member of the General Assembly or his spouse, or a State officer or employee or his or her spouse, and any school district, public community, college district, the University of Illinois, Southern Illinois University or any institution under the control of the Board of Governors of State Colleges and Universities or under the control of the Board of Regents or (2) a contract for personal service of a wholly ministerial character including but not limited to services as a laborer, clerk, typist, stenographer, page, bookkeeper, receptionist or telephone switchboard operator, made by a spouse or minor child of an elective or appointive State officer or employee or of a member of the General Assembly or (3) payments made to a member of the General Assembly, a State officer or employee, his or her spouse or minor child acting as a foster parent, homemaker, advocate, or volunteer for or in behalf of a child or family served by the Department of Children and Family Services.

Any person convicted of a violation of this Section shall be guilty of a business offense and shall be fined not less than \$1,000 nor more than \$5,000.

The appropriate Certification of Capacity to Contract will be executed in Section III.X., of this agreement.

L. THE CONSULTANT SELECTION

•	CFR Part 18; FAA AC 5 ² OOT-Aeronautics Admini		,		
The	City of Aurora (Sponsor)	hereby ce	ertifies that it		
has completed t	he prescribed qualification	ons based con	sultant selec	tion procedures.	
The firm of (Crawford, Murphy & (Consult	•) of (_	Springfield, IL (Location)) has
been selected to	provide the engineering	g services requ	uired for the p	roject on:	
			M	arch 5, 2018 (Date)	_

A copy of the executed Retainer Agreement identifying the project covered by this Agreement is included as ATTACHMENT U.

M. AMENDMENTS TO THE AGREEMENT

All effort recorded to document a claim for additional compensation must be delineated separately from the original scope of services with personnel, classifications, dates worked, rates, hours and services thoroughly detailed and clearly identified.

The Department shall be notified of potential amendment requests at the earliest possible opportunity once it has been determined that any of the following three circumstances may exist. Any amendments to the Agreement which increases the fee or the time of performance

must contain one of the following written determinations (with support documentation) depending upon the circumstances of the change.

- 1. The undersigned determine that the circumstances which necessitate this change were not reasonably foreseeable at the time the contract was signed.
- 2. The undersigned determine that the circumstances which necessitate this change were not within the contemplation of the contract as signed.

3.	The undersigned determine that and is authorized by law.	t this change is <u>in the best interest of the state of Illinois</u>

Any professional services effort performed beyond the not-to-exceed limits expressed in Section II. Consultant Compensation, and for which a future amendment will be sought, will be performed under all Agreement provisions as the original contracted work. The dollar value of such effort is not considered approved for payment until review and approval by the Department.

N.	CERTIFIC	ΔΤΙΩΝ Ω	F CONSUL	TANT

(Public Act 90-0572 Section 50-5)

I hereby certify that I am the and duly	Sr. Vice President & COO	(title)
authorized representative of t	he firm Crawford, Murphy & Tilly, Inc.	
whose address is <u>2750 We</u> and that neither I nor the abo	st Washington Street, Springfield, IL 62702 ve firm I here represent has:	,

- 1. employed or retained for a commission, percentage, brokerage, contingent fee, or other consideration, any firm or person (other than a bona fide employee working solely for me or the above Consultant) to solicit or secure this Agreement,
- 2. agreed, as an express or implied condition for obtaining this contract, to employ or retain the services of any firm or person in connection with carrying out the Agreement, or
- 3. paid or agreed to pay to any firm, organization, or person (other than a bona fide employee working solely for me or the above Consultant) any fee, contribution, donation, or consideration of any kind for, or in connection with, procuring or carrying out the contract; except as here expressly stated (if any):

The firm certifies by execution:

 it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm, nor has the firm been barred from being awarded a contract or subcontract.

2. it has not been barred from contracting with a unit of state or local government as a result of a violation of the Criminal Code of 1961.

I acknowledge that this certification is to be furnished to the Federal Aviation Administration of the United States' Department of Transportation in connection with this contract involving participation of Airport Improvement Program (AIP) funds and is subject to applicable state and Federal laws, both criminal and civil.

Contract Assurance (§26.13) - The Consultant or subconsultant shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The Consultant shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the Consultant to carry out these requirements is a material breach of this contract, which may result in the termination of this

P. DISADVANTAGED BUSINESS ENTERPRISE (DBE) PARTICIPATION

contract or such other remedy, as the recipient deems appropriate.

(Reference: 49 CFR Part 26)

In keeping with the DBE plan adopted by the Sponsor, the Consultant shall take all necessary and reasonable steps to attain DBE participation in this contract.

The work for each subconsultant should be listed separately. If the subconsultant is being utilized to meet the project DBE goal, they must be prequalified in that category and certified as a DBE in that category. Please indicate that they are certified in that category. The certification list is available on the Department's website on the "Doing Business" menu under Small Business Enterprises and IL UCP directory http://www.dot.il.gov/ucp/ucp.html#DBE Directory. The percent of work is computed based on the individual subconsultant's work effort in each category

If more than one subconsultant is being used, attach additional sheets.

NOTE: All final payment requests shall include a completed ATTACHMENT O - DBE Final Documentation or the complete information on the Consultant's format.

Q. DISCRIMINATION

(Reference: 49 CFR Part 21; FAA AC 150/5100-15A or latest revision) (Executive Order 11246 of September 24, 1965; 41 CFR Part 60)

The Consultant agrees not to commit unlawful discrimination in employment in Illinois and further agrees to take affirmative action to ensure that no unlawful discrimination is committed.

R. DUES/FEES TO CLUBS WHICH DISCRIMINATE

(775 ILCS 25/2 Source: P.A. 85-909)

The Consultant of the business entity certifies that it is not prohibited from selling goods or services to the State of Illinois because it pays dues or fees on behalf of its employees or agent or subsidizes or otherwise reimburses them for payment of their dues or fees to any club which unlawfully discriminates.

S. CONFLICT OF INTEREST

(Public Act 90-0572 Section 50-13)

The Consultant agrees to comply with the provision of the Illinois Public Act prohibiting conflict of interest and all the terms, conditions and provisions of those Sections apply to this contract and are made a part of this contract the same as though they were incorporated and included herein.

T. FELONY CONVICTION

(Public Act 90-5072 Section 50-10)

The Consultant certifies that if he/she or the business entity has been convicted of a felony, at least five years has passed since the completion of the sentence as of the contract date.

U. ILLINOIS HUMAN RIGHTS NUMBER

The Consultant must have an Illinois Department of Human Rights prequalification number, or have an application on file with the Illinois Department of Human Rights office at the State of Illinois Center, Suite 10-100, 100 West Randolph, Chicago, Illinois 60601 (refer to Department of Human Rights form).

|--|

V. EDUCATIONAL LOAN DEFAULT

(5 ILCS 385).

The Consultant certifies that, if this agreement is with an individual or individuals, that he/she is not in default on an educational loan.

W. DRUG FREE WORKPLACE

(30 ILCS 580).

If the Consultant has 25 or more employees, the following certification shall apply and, by signing this document, the Consultant certifies as follows:

1. The Consultant certifies that he will provide a drug free workplace in compliance with the Drug Free Workplace Act ("Act"). Specifically, Consultant certifies he will do the following:

a. Publish a statement:

- i. Notifying employees that the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, including cannabis, is prohibited in the Consultants workplace.
- ii. Specifying the actions that will be taken against employees for violations of such prohibition.
- iii. Notifying the employee that, as a condition of employment on this agreement, the employee will:
 - 1) abide by the terms of the statement; and
 - 2) notify the employer of any criminal drug statute conviction for a violation occurring in the workplace no later than 5 days after such conviction.
- b. Establish a drug free awareness program to inform employees about:
 - i. the dangers of drug abuse in the workplace;
 - ii. the Consultant policy of maintaining a drug free workplace;
 - iii. any available drug counseling, rehabilitation, and employee assistance programs; and
 - iv. the penalties that may be imposed upon employees for drug violations.
- c. Give a copy of the statement described above to each employee engaged in the performance of the contract and post the statement in a prominent place in the workplace.
- d. Notify the State within 10 days after receiving notice under part (a)(3)(B) above from an employee or otherwise receiving actual notice of such conviction.
- e. Impose a sanction on, or require the satisfactory participation in a drug abuse assistance or rehabilitation program by, any employee who is so convicted, as required by §5 of the Act.
- f. Assist employees in selecting a course of action in the event drug counseling, treatment, and rehabilitation is required and indicate that a trained referral team is in place.
- g. Make a good faith effort to continue to maintain a drug free workplace through implementation of §3 of the Act.

If an individual, the Consultant further certifies that he will not engage in the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance in the performance of the agreement.

X. CAPACITY TO CONTRACT

(Public Act 90-0572)

<u>The Consultant certifies that the Corporation's certificate</u> of Authority to do business in Illinois, is in good standing with the Secretary of State's Office.

CERTIFICATION OF CAPACITY TO CONTRACT

Public Act 90-0572 prohibits certain persons and entities from having or acquiring any contract with the State of Illinois and from having or acquiring any direct pecuniary interests in any contract with the State of Illinois, whether for materials, services, supplies, printing or stationery. This prohibition does not extend to certain contracts for personal services of a ministerial nature as provided for in the Act.

(Corporation)

Y. CERTIFICATION REGARDING LOBBYING

(Reference: 49 CFR Part 20, Appendix A)

Certification for Contracts, Grants, Loans and Cooperative Agreements.

The Consultant certifies compliance with Section 319 of Public Law 101-102 and to the best of his or her knowledge and belief, that:

- 1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an Officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- 2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.
- The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, US Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Z. INTERNATIONAL BOYCOTT

(Applicable to contracts in excess of \$10,000):

The Consultant certifies that neither it nor any substantially-owned affiliated company is participating or shall participate in an international boycott in violation of the provisions of the U.S. Export Administration Act of 1979 or the regulations of the U.S. Department of Commerce promulgated under that Act. The Consultant makes the certification set forth in Section 5 of the International Anti-Boycott Certification Act.

AA. NON-APPROPRIATION CLAUSE

Obligations of the State will cease immediately without penalty or further payment being required in any fiscal year the Illinois General Assembly fails to appropriate or otherwise make available sufficient funds for payment of this Agreement.

BB.DEBT CERTIFICATION

The Consultant certifies that it, or any affiliate, is not barred from being awarded a contract under 30 ILCS 500/50-11 and 50-12. The Consultant further acknowledges that the contracting State agency may declare the contract void if the preceding certification is false or if the contractor, or any affiliate, is determined to be delinquent in the payment of *any* debt to

the State during the term of the contract.

CC.GOODS FROM CHILD LABOR ACT

The Consultant certifies in accordance with Public Act 94-0264 that no foreign made equipment, materials, or supplies furnished to the State under the contract have been produced in whole or in part by the labor of any child under the age of 12.

DD.QUALIFICATION BASED SELECTION ACT

(Reference: 49 CFR Part 18.36; FAA Order 5100.38; FAA AC 150/5100-14 (latest))

The parties hereby certify that there was compliance with the provisions of the State of Illinois' Architectural, Engineering and Land Surveying Qualifications Based Selection Act, Chapter 30 ILCS 535 in the procurement of the services covered by this Agreement.

EE. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION

(Reference: 49 CFR Part 29; FAA Order 5100.38)

The Consultant certifies, by submission of this proposal or acceptance of this contract, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. It further agrees by submitting this Agreement that it will include this clause without modification in all lower tier transactions, solicitations, proposals, contracts, and subcontracts. Where the Consultant or any lower tier participant is unable to certify to this statement, it shall attach an explanation to this solicitation/proposal.

FF. RIGHTS TO INVENTIONS

(Reference: 49 CFR Part 18.36(i)(8); FAA Order 5100.38)

All rights to inventions and materials generated under this contract are subject to regulations issued by the FAA and the Sponsor of the Federal grant under which this contract is executed.

GG. TRADE RESTRICTION CLAUSE

(Reference: 49 CFR Part 30.13; FAA Order 5100.38)

The Consultant or subconsultant, by submission of an offer and/or execution of a contract, certifies that it:

- is not owned or controlled by one or more citizens of a foreign country included in the list of countries that discriminate against U.S. firms published by the Office of the United States Trade Representative (USTR);
- 2. has not knowingly entered into any contract or subcontract for this project with a person that is a citizen or national of a foreign country on said list, or is owned or controlled directly or indirectly by one or more citizens or nationals of a foreign country on said list;
- 3. has not procured any product nor subcontracted for the supply of any product for use on the project that is produced in a foreign country on said list.

Unless the restrictions of this clause are waived by the Secretary of Transportation in accordance with 49 CFR 30.17, no contract shall be awarded to a Consultant or subconsultant who is unable to certify to the above. If the Consultant knowingly procures or subcontracts for the supply of any product or service of a foreign country on said list for use on the project, the Federal Aviation Administration may direct through the Sponsor cancellation of the contract at no cost to the Government.

Further, the Consultant agrees that, if awarded a contract resulting from this solicitation, it will incorporate this provision for certification without modification in each contract and in all lower tier subcontracts. The Consultant may rely on the certification of a prospective subconsultant unless it has knowledge that the certification is erroneous.

The Consultant shall provide immediate written notice to the sponsor if the Consultant learns that its certification or that of a subconsultant was erroneous when submitted or has become erroneous by reason of changed circumstances. The subconsultant agrees to provide written notice to the contractor if at any time it learns that its certification was erroneous by reason of changed circumstances.

This certification is a material representation of fact upon which reliance was placed when making the award. If it is later determined that the Consultant or subconsultant knowingly rendered an erroneous certification, the Federal Aviation Administration may direct through the Sponsor cancellation of the contract or subcontract for default at no cost to the Government.

Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render, in good faith, the certification required by this provision. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

This certification concerns a matter within the jurisdiction of an agency of the United States of America and the making of a false, fictitious, or fraudulent certification may render the maker subject to prosecution under Title 18, United States Code, Section 1001.

HH.BREACH OF CONTRACT TERMS

(Reference: 49 CFR Part 18.36)

Any violation or breach of terms of this contract on the part of the Consultant or their subconsultants may result in the suspension or termination of this contract or such other action that may be necessary to enforce the rights of the parties of this agreement. The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

Policies and procedures for procurement of professional services are established in Federal Regulation Title 49 CFR Part 18, <u>Uniform Administrative Requirements for Grants and Cooperative Agreements</u>. The Airport and Airway Improvement Act (AAIA) of 1982, as amended, serves as the enabling legislation. The parties agree that these policies and procedures have been followed.

IN WITNESS WHEREOF, the parties hereto have affixed their hand and seals at Illinois, this 20 24 Aurora (date) (year) (city) ATTEST: (SEAL) City of Aurora, Illinois (Sponsor Name) 36-6005778 (Federal Employee's Identification Number) BY BY Richard C. ATTACHMENT E

ENGINEERING REPORT (General Guidance)

The Engineering Report is to be prepared by the Consultant and submitted to the Sponsor and/or Department, if possible, <u>prior to starting Plans and Specifications</u>. The Report shall include, at a minimum, a discussion of the following elements which are applicable and any other elements deemed necessary by the Department:

- 1. Introduction, project overview and consistency with approved ALP, justification, scope, authorization, funding, required environmental actions and schedule.
- 2. Investigations and evaluations, including pavement history, PCI information, topographic survey data, soil sampling and testing, boring logs, CBR test results, subgrade stabilization considerations, and seasonal frost issues.
- 3. Pavement design considerations, including pavement types and/or alternates; any unusual design and reasons therefore, selection of design CBR value, traffic distribution, and reported pavement strength.
- 4. Rehabilitation, strengthening and/or overlay work shall be detailed as to the type of work required, including existing pavement conditions, material selection considerations, thickness design and economic analysis.
- 5. Construction features which vary from FAA criteria should be identified including the problem(s) facts, alternative solutions, and/ or desired solution. Is the desired solution the most economical?
- 6. Items such as materials sources, soils, drainage, water for construction, cost of land vs. development, contractor resources, available finances, and stage development. The report should say how these factors affected the decisions made by the Consultant in the design.
- 7. Explanation of drainage design criteria including explanation of drainage districts data iNPUT and off-site drainage impact on design. Include drainage calculations and modeling.
- 8. Special considerations for local circumstances such as available material, equipment, contractors, and airport sponsored events.
- 9. Consultant's choice of options for the lighting design; similar explanation of choices made for the drainage, fencing, turfing and marking, including decisions regarding cover crop seeding.
- 10. Approach conditions which will result from proposed work and comparison with FAA criteria.
- 11. Analysis of potential RSA determination (if applicable).
- 12. Development of PCN for runway strengthening and rehabilitation projects.
- 13. Description of non-AIP work and quantity separation from AIP eligible items.
- 14. Identify work to be done by others such as utility companies and airports sponsor forces.
- 15. The Consultant's preliminary estimate of construction costs, fees and expenses shall be included.
- 16. A discussion of project safety concerns (per guidance explained in FAA AC 150/5370-2F (or current) Operational Safety on Airports during Construction) shall be included.
- 17. A discussion of project phasing / sequencing and estimate of construction calendar days shall be included.

Proposal 23672

Re: 21001658-06 Aurora Municipal Airport.

Sugar Grove, IL

IL Project: ARR-4544

Rehabilitation of Auto Parking Lots and Entrance Road.

Geo Services, Inc., (GEO) a certified, Union (Local 150), MBE/DBE Geotechnical/ Environmental/Materials Testing/Drilling firm, is pleased to submit this proposal for quality assurance material testing services in accordance with the Illinois Standard Specifications for Construction of Airports, contract plans, and specifications including applicable FAA Advisory Circular for the Rehabilitation of Auto Parking Lots and Entrance Road at the Aurora Municipal Airport in Sugar Grove, IL. Our Services will include the following:

- 1. Aggregate Base Testing
- 2. HMA Bituminous
- 3. PCC Placement
- 4. Lab Testing
- 5. Documentation (Reports)

Construction is anticipated to start summer 2024 and is to be completed within 67 calendar days.

Scope of Work (BASE BID)

Based on information outlined in RFP and provided contract plans and specification, we propose to provide Quality Assurance Material (QA) field and laboratory testing Services on a Time and Materials basis according to the attached Unit Rates of Consultant Services. The provided estimate includes the sections outlined below as expressed in the RFP for the project.

AR152 Subgrade Repair (Aggregate Base) and AR208 REMOVE & REPLACE AGGREGATE BASE.

• two (2) 8-hour site visits for remove and replace aggregate base.

AR401 BITUMINOUS SURFACE

• Three (3) 4-hour trips for surface course density testing with nuclear density gauge.

AR401 REM & REP BIT PAVEMENT - TYPE A

One (1) 4-hour trip for surface course and base course density testing

AR401 REM & REP BIT PAVEMENT - TYPE B

Two (2) 4-hour trips for base course density testing

AR162/800 CLASS E FENCE 6'; CLASS E FENCE 6', IN PAVEMENT AR501 5" PCC SIDEWALK AR751 TRENCH DRAIN; RECONSTRUCT INLET AR754 CONCRETE CURB; COMB CONCRETE CURB AND GUTTER AR800 ELECTRIC GATE OPERATOR

Twelve (12) 4-hour site visits for concrete testing and specimen casting.

AS401 REM & REP BIT PAVEMENT – TYPE B

• One (1) 4-hour trip for base course density testing with nuclear density gauge.

AS401 BITUMINOUS SURFACE

One (1) 4-hour trip for surface course density testing with nuclear density gauge.

ADDITIVE ALTERNATE NO. 1 – DAYTIME WORK:

AS152 SUBGRADE REPAIR (Aggregate Base)

One (1) 6-hour site visit for aggregate density testing with nuclear gauge.

AS401 REM & REP BIT PAVEMENT - TYPE B

One (1) 4-hour trip for surface course density testing with nuclear density gauge.

AS401 BITUMINOUS SURFACE

• One (1) 4-hour trip for surface course density testing with nuclear density gauge.

<u>ADDITIVE ALTERNATE NO. 2 – DAYTIME WORK:</u>

AT401 BITUMINOUS BASE COURSE

 One (1) 4-hour trip for base course density testing with nuclear density gauge. **AT401 BITUMINOUS SURFACE**

• One (1) 4-hour trip for base course density testing with nuclear density gauge.

<u>ADDITIVE ALTERNATE NO. 3 – DAYTIME WORK:</u>

AU152 SUBGRADE REPAIR (Aggregate Base)

• One (1) 6-hour site visit for aggregate compaction testing with nuclear gauge.

AU401 REM & REP BIT PAVEMENT - TYPE B

• One (1) 4-hour trip for base course density testing with nuclear density gauge.

AU401 BITUMINOUS SURFACE

• One (1) 4-hour trip for base course density testing with nuclear density gauge.

Based on our understanding Geo Services proposes to provide technical personnel to perform the necessary Construction Materials Testing Services in accordance with the project specifications. Based on the information provided by your firm, we estimated total of 96 work hours to cover the scope of work outlined in the RFP.As airport operations are outside the control of GEO and its clients, we have assumed a 5% of over time to account for delays and interruptions of work. It is important to note that combining multiple inspections on the same visit could represent significant reductions to the budget. It is difficult to estimate the number of hours required as our work is dependent on the work of other trades. We would be happy to meet and/or revise this proposal once a final detailed project schedule, drawings, and specifications are available. If other testing or inspection is required, feel free to contact us. For the purpose of this estimate, we have assumed all the work will be performed during daytime, estimate can be adjusted if the final schedule differs. All projects are subject to project management time as needed, and 2*hr* per 40*man/hrs*.

GEO requires that field inspection requests be placed not later than 3:00 PM the day before the planned field activities by calling our materials Project Manager. GEO personnel will report to the job site a minimum of 15-minutes prior to scheduled start of work. For scheduling of technicians, our Senior Project Manager, Andrés Matos should be contacted, preferably by email at andres@geoservicesinc.net.

Geo Services Inc. laboratory have been certification by AMRL, AASHTO and IDOT. GEO Laboratory have been accredited in accordance to ASTM C1077; Establishing and Implementing Quality System for Construction Materials Testing Laboratories and AASHTO R18; Standard Practice for Laboratory Testing Concrete and Concrete Aggregates for Use in Construction and Criteria for Laboratory Evaluation. Our laboratory is capable of performing the lab tests outlined in your RFP.

All contract correspondence should be directed to our corporate office at 805 Amherst Court Suite 204, Naperville, Illinois 60565, attention Julian Rueda, President, and phone (630) 305-9186. All fieldwork and laboratory testing will be performed out of our Arlington Heights office.

All work will be performed in accordance with the attached General Conditions. Labor rates provided in this proposal are based on current union collective bargaining agreement and prevailing wages rates are applied for this project. Overtime (1.5 X normal rate) will be charged for work over 8 hour per day, 40 hours per week or weekend work. Charges for travel time will be charged portal to portal with a minimum charge per visit of 4-hours (including roundtrip travel). Any additional work will be performed at the unit charges or hourly rates indicated on the cost estimate of services. Geo Services, Inc. appreciates the opportunity of being of service to you on this project and look forward to hearing from you when work is ready to begin. If there are any questions regarding the information submitted herein, please contact us.

Based on information provided at the time this proposal was prepared, we estimate \$15,429.00 for Base Bid materials testing services as described above. For the alternates requested the cost has been estimated as follows; Alt #1: \$2,348.00, Alt #2: \$1,357.00 and Alt #3: \$2,306.00. Note that this budget estimate is dependent on contractor productivity, efficiency, subcontractors' productivity, material availability, weather and other factors not in control of GEO. We will perform a monthly budget revision and contact you to discuss any changes needed.

Respectfully,

GEO SERVICES, INC.

Senior Project Manager

Andrés Matos, P.E.

PROJECT LETTING SCHEDULE

(not applicable)

ATTACHMENT R

OP&P PROGRAM LETTER

December 9, 2021

Mr. Stephen Andras Aurora Municipal Airport 44 East Downer Place Aurora, IL 60507

Mr. Andras,

In June 2019 Governor JB Pritzker signed a historic, bipartisan Rebuild Illinois Bill that gives Illinois its first capital plan in nearly a decade – and the most robust in state history. This capital plan includes \$150 million in funding for projects at airports throughout the state to ensure the continuation of safe and efficient operations at these facilities and maximize opportunities for economic development in Illinois.

The project detailed herein was selected for your airport based on project requests submitted by the airport to the Department during the April 30, 2021 Rebuild Illinois Capital Investment Program call for projects that ended June 14, 2021. Funding for the Rebuild Illinois Airport Capital Investment Program is dependent upon legislative authorization of state appropriations and the release of funds by the Governor's Office.

In the event the **Ill**inois General Assembly fails to appropriate funds, or sufficient funds are otherwise not made available for this project, the Airport Sponsor will be required to pay the state costs as itemized below. This will also include any amount which exceeds the totals listed.

The GRANTEE shall pay such additional project costs which exceed the sum of the GRANTOR's funds, as are herein committed for this Project. No additional state funds beyond those listed in this program letter will be allocated to the project indicated. Any additional project costs which exceed the total sum of state funds as planned and programmed are solely the responsibility of the Sponsor.

The project is titled: "Rehabilitate Auto Parking Lots and Entrance Road".

 Multi-modal Transportation Bond Funds
 \$1,305,000

 Local Match
 \$145,000

 Total Project Cost
 \$1,450,000

Aurora Municipal Airport December 9, 2021 Page 2

To ensure eligibility of professional services for state participation, you are required to satisfy the qualifications-based selection process and enter into a retainer agreement, or professional services A/E agreement with the consultant of record selected for the project prior to any costs being incurred. This should take place prior to the project initiation/pre-design meeting. Aeronautics will facilitate this process, as well as the initial development and review of fees.

A requirement of the Rebuild Illinois Airport Capital Investment Program is the Illinois Works Jobs Program Act (30 ILCS 559/20-1 et seq.). For contracts having an awarded contract value of \$500,000 or more, the Grantee shall comply with the Illinois Works Apprenticeship Initiative (30 ILCS 559/20-20 to 20-25) and all applicable administrative rules. The goal of the Illinois Apprenticeship Works Initiative is that apprentices will perform either 10% of the total labor hours actually worked in each prevailing wage classification or 10% of the estimated labor hours in each prevailing wage classification, whichever is less. The Grantee may seek from the Department of Commerce and Economic Opportunity (DCEO) a waiver or reduction of this goal in certain circumstances pursuant to 30 ILCS 559/20-20(b). The Grantee shall ensure compliance during the term of the contract and will be required to report on and certify its compliance. An apprentice use plan, apprentice hours, and a compliance certification shall be submitted to the Engineer on forms provided by the Department and/or DCEO.

Please contact Mr. Joe Staats, P.E. – Section Chief of Airport Design at 217.785. 5746 to initiate this project. Projects are initiated by scheduling a predesign meeting for design/construction projects or a project initiation meeting for planning and environmental projects.

Please contact Richard Borus in Aeronautics at 217.785.0056 or me in the Office of Planning and Programming at 217.782.4118 if you have questions regarding this program letter.

Sincerely

BJ Murray

Section Chief, Aviation Program Planning Office of Planning and Programming

CURRENT IDOT PROVISIONAL PAYROLL BURDEN / FRINGE EXPENSE AND GENERAL / ADMINISTRATIVE EXPENSE RATE LETTER

October 12, 2023

Subject: PRELIMINARY ENGINEERING

Consultant Unit Prequalification File

Roger Driskell CRAWFORD, MURPHY, & TILLY, INC. 2750 West Washington Street Springfield, IL 62702

Dear Roger Driskell,

We have completed our review of your "Statement of Experience and Financial Condition" (SEFC) which you submitted for the fiscal year ending Dec 31, 2022. Your firm's total annual transportation fee capacity will be \$94,400,000.

Your firm's payroll burden and fringe expense rate and general and administrative expense rate totaling 170.76% are approved on a provisional basis. The rate used in agreement negotiations may be verified by our Bureau of Investigations and Compliance in a pre-award audit. Pursuant to 23 CFR 172.11(d), we are providing notification that we will post your company's indirect cost rate to the Federal Highway Administration's Audit Exchange where it may be viewed by auditors from other State Highway Agencies.

Your firm is required to submit an amended SEFC through the Engineering Prequalification & Agreement System (EPAS) to this office to show any additions or deletions of your licensed professional staff or any other key personnel that would affect your firm's prequalification in a particular category. Changes must be submitted within 15 calendar days of the change and be submitted through the Engineering Prequalification and Agreement System (EPAS).

Your firm is prequalified until December 31, 2023. You will be given an additional six months from this date to submit the applicable portions of the "Statement of Experience and Financial Condition" (SEFC) to remain prequalified.

Sincerely, Jack Elston, P.E. Bureau Chief Bureau of Design and Environment

RETAINER AGREEMENT

(see attachment amendment to the executed retainer - 3 pages)

AGREEMENT FOR ENGINEERING SERVICES

THIS AGREEMENT made at Aurora, Illinois, this 5th day of March in the year 2018, by and between the City of Aurora (hereinafter referred to as the "Owner"), as Party of the First Part, and Crawford, Murphy & Tilly, Inc. (hereinafter referred to as the "Engineer"), as Party of the Second Part.

WITNESSETH:

WHEREAS, the Owner intends to sponsor the accomplishment of a development program in stages of the public air navigation facilities known as the <u>Aurora Municipal Airport</u> located in Latitude 41° 46.26'N, Longitude 88° 28.37' W, in Kane County, State of Illinois; and

WHEREAS, the development program shall include, but not be limited to, projects described as:

- Airfield Pavement Rehabilitation Phase 3
- 2. Phase 2: Airfield Pavement Rehabilitation including General Aviation Apron and Taxiway P.
- 3. Install Airport Perimeter/Security 10' Fencing Phase 1 and Phase 2
- 4. Rehabilitate Airfield Lighting Including Vault Improvements
- Improve ILS Critical Area (Grading and Drainage) and RSA R/W 33 Phase 1 and Phase 2
- 6. Construct SW Quadrant Apron and Connecting Taxiway Phase 1
- Construct SW Quadrant Auto Parking Lots/Entrance Road & US Rt. 30 Intersection Improvements - Phase 1
- 8. Rehabilitate Apron Pavement and Clean and Seal Joints Phase 1
- 9. Reconstruct and Widen Runway 9/27 Taxiway Connectors
- 10. Rehabilitate Runway 9/27 Airfield Lighting
- 11. Reconstruct and Light Runway 18/36 and Taxiways Phase 1 and Phase 2
- 12. Construct NE Quadrant Entrance Road and Auto Parking Lot
- Runway 9/27 and Runway 15/33 Rehabilitation Including Joint Sealing and Pavement Marking
- 14. Site Work for Airport Maintenance and Snow Removal Equipment Building
- 15. Construct New Snow Removal Equipment Building
- Consultation of FAA requirements regarding airport development issues and grant assurances
- Preparation of pre-applications/applications and Transportation Improvement Program (TIP) sheets.

WHEREAS, the Department of Transportation, Division of Aeronautics, State of Illinois, is authorized Agent of the Owner under the proposed development program (it shall be hereinafter referred to as the "Division");

WHEREAS, the Engineer agrees to furnish an executed "Certification of Engineer" and certain professional engineering services enumerated hereinafter, in connection with the aforesaid development project.

NOW, THEREFORE, for and in consideration of the benefits which will accrue to the parties hereto by virtue of this Agreement and the respective covenants herein contained, IT IS MUTUALLY COVENANTED AND AGREED as follows:

ENGINEERING SERVICES

The Engineer agrees to furnish and perform the various professional engineering services required for the preparation of the above reference construction project as follows:

(A.) The Planning Phase

Upon request by the Owner, the Engineer agrees to attend meetings and provide

Dear Mr. Peabody,

The City of Aurora amends the Agreement for Engineering Services executed on March 5, 2018 to hereby include the following projects:

Rehabilitate Auto Parking Lots and Entrance Road Overlay SE Quadrant Airport Perimeter Roadways - Phase 2

The City has provided a letter to IDOT Aeronautics regarding the justification to include these projects as required per FAA AC 150/4100-14E. IDOT Aeronautics has responded that these projects are acceptable to include in the agreement for engineering services based on their email dated November 4, 2022 (see attached).

Sincerely,

John Curley

Chief Development Services Officer

Re: Aurora Municipal Airport

Rehabilitate Auto Parking Lots and Entrance Road and Overlay SE Quadrant Airport Perimeter Roadways – Phase 2

Engineering Retainer Amendment

Dear Mr. Staats:

As you are aware, the Rebuild Illinois Capital Investment Program for Aurora Municipal Airport includes the "Rehabilitate Auto Parking Lots/Entrance Road and Overlay Southeast Quadrant Airport Perimeter Roadways – Phase 2)". These projects were not specifically identified as a separate stand-alone project within the request for qualifications scope of services for the current 5-year retainer selection to Crawford, Murphy & Tilly, Inc. At the time that the project listing was developed for the request for qualifications, it was unforeseen that these projects would be included within the scope of the landside projects listed in the retainer projects. It is our opinion that this project meets the FAA AC 150/4100-14E Change 1, Policy for Selection, Paragraph 2.7.2, 4. for "additional projects or work elements may be added after the original selection if all of the following conditions exists". Below is a summary and the justification.

1. FAA AC: The Sponsor can provide acceptable justification for not initiating a new procurement action.

Response: The current retainer (attached) does not specifically list the projects "Rehabilitate Auto Parking Lots/Entrance Road and Overlay Southeast Quadrant Airport Perimeter Roadways – Phase 2" by title but does include construction /rehabilitation/fencing / auto parking lots / entrance roads within the projects listed in ARR's request for qualifications during the Consultant selection process.

2. FAA AC: Added project(s) or work element(s) is (are) similar in character to the statement of work the Sponsor used in the original selection.

Response: These current retainer projects listed below are similar in nature, requires the same services and qualifications and matches the capabilities needed for the proposed projects with similar scope of work:

- Airfield Pavement Rehabilitation Phase 3
- Phase 2: Airfield Pavement Rehabilitation
- Install Airport Perimeter/Security 10' Fencing Phase 1 and Phase 2
- Construct SW Quadrant Auto Parking Lot/Entrance Road & US Route 30 Intersection Improvements – Phase 1
- Construct NE Quadrant Entrance Road and Auto Parking Lot
- 3. FAA AC: Added project or work elements do not require series or qualifications not previously included in the original selection.

Response: Pavement rehabilitation, fencing, roadway marking, sidewalk and other roadway work items were requested in the original selection with respect to consulting firm qualifications. These projects were unforeseen at the time of the retainer preparation and due to the recent Illinois Rebuild program and available State funding, these projects have become critical for ARR to complete, refer to FAA AC 150/4100-14E Change 1, Policy for Selection, Paragraph 2.7.2, 7 (attached).

4. FAA AC: The cumulative cost of services for the added projects or work elements is not expected to exceed the simplified acquisition threshold as defined in Paragraph U-12 of FAA Order 5100.38.

Response: The cumulative engineering costs for design and construction engineering services is not expected to exceed the simplified acquisition threshold.

We request your concurrence for the eligibility for this project for engineering costs by Crawford, Murphy & Tilly, Inc.

If you have any questions or require additional information, please contact our office.

e K. Ols

Sincerely

Steve Andras

Interim Airport Manager Aurora Municipal Airport
