

ADAM H. KITTLER, P.G.

Objective: I am looking to help facilitate the implementation of sustainable practices that can be implemented on both a personal scale and a city-wide scale

EDUCATION

Illinois State University, Normal, IL

August 2008 - May 2012

Bachelor of Science in Geology

Southern Illinois University, Carbondale, IL

August 2013 - May 2017

Master of Science in Geology – Groundwater Hydrology

Missouri University of Science & Technology, Rolla, MO

January 2021 - May 2024

In Progress - Master of Engineering in Geotechnical Engineering

Internships

Illinois State Geological Survey, Champaign, IL

December 2011 - April 2012

- ▶ STATEMAP Geologic Field Mapping – Collected and recorded surficial and bedrock geology to assemble and produce a geologic map for the Saline Mines quadrangle.

Extracurricular Activities: Resident Assistant (2010-2012), Geology Club President (2011-2012), ISU Mercury Solar Car Team (2008-2010)

WORK EXPERIENCE

GZA Geoenvironmental, Oak Brook, IL

July 2017 – Present

Geologist/Project Manager

- ▶ Manage multiple concurrent projects and ensure completion on time and within budget
- ▶ Work with clients to prepare cost estimates for various RFPs
- ▶ Conduct technical environmental and geotechnical sampling procedures in field and lab settings
- ▶ Mentor and facilitate training for junior staff
- ▶ Prepare and present information pertaining to training and safety related topics for staff and clients

Environmental Protection Industries, South Holland, IL

May 2015 – July 2017

Geologist

- ▶ Completed field work and report preparation for Phase I, Phase II, SRP, and LUST site investigations
- ▶ Collected soil and groundwater samples for environmental and geotechnical projects
- ▶ Assisted in ensuring deliverables

RELATABLE SKILLS / VOLUNTEER EXPERIENCE

- ▶ Assist current staff with ecological studies including tree surveys, mussel surveys, and fish surveys
- ▶ Volunteer with the Fabyan Preserve East Stewards to work to remove invasive species from the woodlands through forest cleanup (2018-Present)
- ▶ Helped facilitate stream sample collections as part of the Hickory Creek Watershed Bio-Blitz (2017-2018)
- ▶ Organized an office fundraiser as part of the I-Naturalist City Nature Challenge (2021)
- ▶ Avid outdoors person with a love of nature, hiking, and camping
- ▶ Active home gardener and composter

CERTIFICATIONS

Illinois Registered Professional Geologist, 2019-Present, #196.001481

FAA Part 107 Remote Drone Pilot, 2019, #4268438

SCUBA Open Water Diver Certified
