D. Qualifying Statement

St. Paul Lutheran Church and School has been providing Christian worship, fellowship, outreach and education in Aurora for over 150 years, after several years with the school at this location, the Church and School are at the point of expanding their facilities to better serve the community. We are asking for approval for modifications to the FINAL PLAN including additions to the Church and School as well as extension of the special-use for maintaining the School functions in the modular classrooms for the school year 2017/2018 with the removal upon completion of the school addition.

Adjustments to the FINAL PLAN include a two story addition to the School with three classrooms per floor. The fire department turnabout is being revised from circular to hammerhead. On the Church side, a single story fellowship hall addition is being proposed for special meetings, events, and dinners for the congregation. Additionally, a low scaled covered entrance is proposed for the main entrance to the church.

The neighboring properties to the North are zoned B-2(s) Business District-General Retail with a Special Use, and P(S) Park and Recreation District with a Special Use. The neighboring properties to the South are zoned R-1 (s) One Family Dwelling District with a special Use and P(S) Park and recreation District with a Special Use. The south properties are separated by a previously landscaped buffer. The view from these residences will be impacted in positive way in that the less than attractive modular classrooms will be replaced by a building additional matching the existing building in material and shape and will only be visible to the neighbor to the far west.

The adjacent residential property values are in the range of \$240,000-\$270,000.

Drainage around the building additions are being adjusted for positive drainage to existing ponds.

No ingress and egress changes are proposed.

The Special Use Revision is for a religious institution with a daycare use, and to extend the use of the six (6) Modular Classroom Units through November 2019 on the Property Located at 85 South Constitution Drive. The St. Paul Lutheran School, located at 85 S Constitution is zoned R-1(S) One Family Dwelling District. We are not anticipating any variances required to achieve the proposed outcomes.

TIME FRAME

September 2017	Receive city special use permit and final plan approval
September/October 2017	Receive Building permit/begin construction of school addition
August 2018	Complete Construction of school addition
August 2018	begin classes in new building
September 2018	Remove modular classrooms upon completion of school addition
April 2019	Receive building permit/begin construction of fellowship addition (estimated)
November 2019	Complete construction of fellowship addition (estimated)

Sincerely,

Howard Koop, Building Committee Chairman
