Public Sector Version: (61576)

4G/5G Custom Verizon Wireless Unlimited Smartphone Plan for Public Sector	
Government Subscribers Only	
The plan below reflects the monthly access fee discount. No additional discounts apply.	
Monthly Access Fee	\$36.99
Plan #	61576
Data Allowance^{1,2}	Unlimited
Mobile Hotspot³	Unlimited
Monthly Anytime Minutes	Unlimited
Domestic, Canada & Mexico Long Distance Toll Free⁴	Included
Domestic and International Messaging Allowance⁵	Unlimited
Optional Feature	
TravelPass International Service⁶	\$5.00 daily rate (SPO 1115)
<p>Notes: Current coverage details and additional plan information can be found at www.verizonwireless.com. Coverage includes the Verizon Wireless 5G Ultra-Wideband (UWB) network, 5G Nationwide® network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G UWB network. Usage outside of the United States will be billed at the international travel feature rate, if applicable, or pay as you go pricing, which can be found at www.verizonwireless.com/international. Lines activating on this plan must be on 5G UWB-compatible, 5G Nationwide, or 4G LTE smartphones.</p> <p>¹After 22 GB of data usage on a line during any billing cycle, usage may be prioritized behind other customers in the event of 4G LTE and 5G Nationwide network service area congestion.</p> <p>²A 5G device is required to receive 5G UWB service.</p> <p>To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 480p while in 4G LTE and 5G Nationwide network service areas; and, will apply video streaming up to 4K while in 5G UWB network service areas.</p> <p>³Mobile Hotspot is available on all capable devices and allows the line to share data allowance with multiple Wi-Fi enabled devices. If the 4G LTE and 5G Nationwide Mobile Hotspot domestic data usage exceeds 10 GB on any line in any given billing cycle, Verizon Wireless will limit the data throughput speeds to up to 600 Kbps for additional domestic mobile hotspot usage for the remainder of the then-current billing cycle for the line that exceeds the data usage.</p> <p>⁴Includes domestic toll-free calling and toll-free calling from the United States to Canada and Mexico.</p> <p>⁵Unlimited messaging from within the United States to anywhere in the world where messaging services are available. For other messaging rates go to www.verizonwireless.com.</p> <p>⁶The optional TravelPass International Service feature extends the plan voice, messaging, and data allowances into Canada and Mexico at no additional cost. A \$5.00 daily rate will apply when used in all other Rest of World TravelPass countries. For data usage in Canada and Mexico and all Rest of World TravelPass countries, after the first 5 GB of usage in a day, throughput speeds for additional usage will be reduced for the remainder of the day. Verizon Wireless will terminate a line if more than half of the usage over three consecutive billing cycles is outside of the United States, following 30 days' notice to Customer. For eligible countries, non-TravelPass country rates, and additional information, go to www.verizonwireless.com/international.</p> <p>* A brief service outage and device reboot may be required in order for the new service plan to take effect. Verizon Wireless may proactively contact Customers to facilitate a plan migration.</p>

Notes: Current coverage details and additional plan information can be found at www.verizonwireless.com . Coverage includes the Verizon Wireless 5G Ultra-Wideband (UWB) network, 5G Nationwide® network, and 4G LTE network. For avoidance of doubt, the Verizon Wireless 5G Nationwide network is a separate network from the Verizon Wireless 5G UWB network. Usage outside of the United States requires a World-capable smartphone and will be billed at the international travel rates, if applicable, or pay as you go pricing, which can be found at www.verizonwireless.com/international . ¹ The international travel data allowance applies in the rest of the world where coverage is available; aircraft and cruise ship data usage is not included. Lines activating on this plan must be on 5G UWB-compatible, 5G Nationwide, or 4G LTE smartphones.	
¹ Data usage on this plan is not subject to speed reductions ("throttling") within a given billing cycle. However, in the event data usage exceeds 25 GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds may automatically be reduced to 600 kbps for data usage exceeding 25 GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle.	
² A 5G device is required to receive 5G UWB service.	
To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at up to 480p while in 4G LTE and 5G Nationwide network service areas; and, will apply video streaming up to 4K while in 5G UWB network service areas.	
³ Includes domestic toll-free calling and toll-free calling from the United States to Canada and Mexico.	
⁴ Unlimited messaging from within the United States to anywhere in the world where messaging services are available. For other messaging rates go to www.verizonwireless.com .	
This plan includes Domestic Mobile Broadband Priority and Domestic Preemption. Mobile Broadband Priority provides a dedicated pool of radio resources to enable Customer connection to the network based on access hierarchy settings. Mobile Broadband Priority identifies the user with an access priority setting which provides that user with network access ahead of users with a lower access setting. Preemption automatically activates to provide approved personnel uninterrupted access to the network in those uncommon times when the network is fully utilized. 911 calls are never preempted.	
* A brief service outage and device reboot may be required in order for the new service plan to take effect. Verizon Wireless may proactively contact Customers to facilitate a plan migration.	
This plan is available to Select NAICS (formerly SIC) Codes in the following industries at the discretion of Verizon Wireless.	
First Responders	Public Safety
National Security	HealthCare
Transportation	Education
Government	Utilities

There will be an automatic plan change done on your existing lines on your bill cycle date in Oct/Nov 2025. A project team will work on all the changes and will inform you of the upcoming change in plan and reduction in rates. In addition to the e-mail being sent to the primary points of contact on the account, 2 text messages will be sent out to the end user's smartphones at 24 hours and 48 hours out warning of the change in plan. In most cases this change will be non-user impacted, but the text messages are being sent out as a warning that if there is a service impacting change, they'll just need to power-cycle their device to restore service.

You can begin using the plans as your accounts/profiles are eligible now to use the new plans. Please let our support teams handle the updates to your existing plans for you in short order.

Thank you!

Sincerely,

verizon
