CHILDREN'S LEARNING ADVENTURE SWC 75TH STREET AND MEADOWRIDGE DRIVE, AURORA, ILLINOIS

QUALIFYING STATEMENT

Narrative

Children's Learning Adventure ("CLA") proposes a one-story, approximately 40,167 square foot day care center to be located on the vacant property at the southwest corner of 75th Street and Meadowridge Drive.

Through its proprietary curriculum and amenity-rich facilities, CLA is quickly becoming the nation's elite provider of early childhood education. Founded in 2008, and headquartered in Phoenix, Arizona, CLA has 25 facilities open in 6 states as of February 2015, and by year end 2016, CLA will have approximately 60 locations in 10 states. CLA's mission is to help children become confident, independent learners who will develop a strong sense of self-worth, enabling them to make positive life choices.

CLA's Lifetime Adventures curriculum was developed in cooperation among CLA, leading childhood brain experts, and parents with the underlying philosophy that children have a limitless capacity for learning. This potential is realized through stimulating facilities that feature unique amenities for kids aged 6 weeks through 12 years, including a math & science lab with planetarium, television studio, commercial grade cooking school, art studio with kiln, bowling lanes, full-court basketball, and many more.

CLA plans to construct a one-story, 40,167-square foot facility with an adjacent fully-enclosed playground. 161 total parking stalls will be provided and accessed off one curb cut on 75th Street and one curb cut on Meadowridge Drive. Parents dropping off or picking up children from the facility will be required to park and walk their children into the facility. No curb-side drop-off or pick-up is permitted.

Standards

a) The public health, safety, morals, comfort or general welfare

The proposed development will fulfill an unmet need in the Aurora market by providing high-quality child care. The site layout has been designed to account for any traffic or safety concerns for families that attend CLA and the surrounding community. Overall, the development will be an amenity to residents and have a positive impact on the health, safety, morals, comfort and general welfare of the community.

b) The use and enjoyment of other property already established or permitted in the general area

The surrounding properties are occupied by other commercial and residential uses. The proposed CLA will be an amenity to families in the area while having minimal impact on the neighborhood. Therefore, the proposed development will have enhance the use and enjoyment of other properties in the area.

c) Property values within the neighborhood

The property is currently vacant. The proposed development will put the property to productive use and enhance property values in the neighborhood.

d) The normal and orderly development and improvement of surrounding property for uses established or permitted within their respective existing zoning districts

The proposed daycare use is permitting in the existing B-2 General Retail Business District. As such, the development will further the objective of encouraging orderly development for uses permitted under existing zoning.

e) Utilities, access roads, drainage and/or other necessary facilities

The project engineers have studied the utilities, drainage and other necessary facilities and confirmed that they are adequate to accommodate the proposed development. Further, the development will not negatively impact other surrounding properties' use of such facilities.

f) Ingress and egress as it relates to traffic congestion in the public streets

Access to the proposed development has been designed to minimize the impact on the surrounding streets while providing adequate circulation within the site. Parents are required to park and accompany their children in and out of the facility, which eliminates stacking and queuing issues within the site and the possibility of spill-over effects on the surrounding streets.

g) The applicable regulations of the zoning district in which the subject property is proposed to be or is located

The proposed use is permitted in the existing zoning district and the proposed development complies with applicable regulations.

h) A bullet point list of any variances, modifications or exceptions that you are seeking from the City's Codes and Ordinances.

The proposed development complies with the City's Codes and Ordinances.

City of Aurora Development Services 44 E. Downer Place Aurora, IL 60507

Re:

SW Corner of 75th Street and Meadowridge Drive, Aurora - PIN 07 28 300 028
