Cover Memorandum

File Number: 18-1101

Agenda Date: 12/11/2018

Version: 1

Status: ATS Review

In Control: Government Operations Committee

File Type: Reports/Studies

TO: Mayor Richard C. Irvin

FROM: Robert Greene, PE, City Traffic Engineer

DATE: 12/11/18 18-1101

SUBJECT:

A Traffic Study for Fourth Avenue and Bevier Place. Ward 3, Alderman Mesiacos.

PURPOSE:

A Traffic Study for Fourth Avenue and Bevier Place, to determine if a change in traffic control, for the intersection, is necessary.

BACKGROUND:

Alderman Mesiacos received a request for the installation of a stop sign, for the Bevier Place approach to 4th Avenue.

DISCUSSION:

Bevier Place and 4th Avenue are classified as residential roadways, 22 and 25 feet in width respectively, with a 25 mph speed limit. There is no existing traffic control sign for the intersection. A pedestrian crosswalk exists on the north leg of the intersection. There is a street light on the south side of the intersection.

IMPACT STATEMENT:

Street Department resources.

RECOMMENDATIONS:

Staff recommends installing a stop sign for the Bevier Place approach to 4th Avenue.

cc: Alderman Hart-Burns, Chairman
Alderman Mervine
Alderman Lofchie
Alderman Franco, Alternate

Subject: Traffic Study Request

Mr. Greene,

I hope all is well. I have a resident requesting a stop sign at Fourth Ave and Bevier (T-intersection).

Can you please look into your files and let me know if you have conducted a traffic study recently for this neighborhood?

Any insight/advice would be appreciated.

Thank you,
Ted Mesiacos
Alderman Ward 3
