## MORE TIME, LESS MONEY

No Compromise on Quality!

For years, purchasing agents have struggled with the challenge of balancing competitive bid requirements with the need to purchase quality products. Too often, agencies have had to settle for inferior quality and service because of the difficulty of writing RFP's that result in "apples-to-apples" cooperative comparisons.

That's something you won't have to worry about when using Burke's cooperative contract, made available through OMNIA Partners, because our playgrounds and equipment are built to the highest standards, backed by our Generations Warranty - the longest and strongest in the industry. In addition, they come with Burke's unique Total Cost of Ownership Package®, which is your assurance that when warranty, service and product life are taken into account, no playground can match the value of BCI Burke.

## REINVESTING in the Power of Education!

All contracts, available through OMNIA Partners, Public Sector are competitively solicited and evaluated by a government entity serving as the lead agency. Region 4 Education Service Center, Houston, TX served as the lead agency for the cooperative contract awarded to BCI Burke. Region 4 Education Service Center is one of the nation's largest education service centers. This agency works with educators to deliver creative solutions that help schools to operate more efficiently and effectively. Region 4 delivers innovative solutions spanning every facet of education, from classroom and curriculum development to operations, including food service, maintenance, and budgeting. Region 4 produces educational materials available to schools across the nation and is home to one of the nation's largest Braille production facilities. This connection to Region 4, along with valued education partnerships across the country, means that education thrives above all else with OMNIA Partners.
