The Salvation Army – Aurora Corps & Community Center
550 Redwood Drive

Qualifying Statement

The new ground up facility will be constructed in two phases. Phase I serves primarily two functions. The Southern half of the facility will operate as a church sanctuary, while the Northern half of the facility functions as a community center.

The chapel itself seats approximately 125 within the main area serving the congregation on a regular basis. There is a side overflow room that seats approximately 50 that can be opened when needed on special occasions but primarily will be used for smaller group meetings. A generous lobby space is provided between the chapel and the community building serving as a front door to both functions, and providing ample room for mingling before and after services.

The North half of the facility will operate the community center component of the space. A classroom is provided in the southwest portion of the building serving for computer literacy and English as a Second lesson courses. The kitchen will support events for both the congregation and the general public within the dining/multi-function space. The southeast corner of the space will support the offices that will run the facility and the various community programs.

Phase II of the project will include two major components. The first and most notable is a gymnasium that will serve several functions. On the north end will be storage space. The south side will be used for indoor recreational activities with programming for infants through seniors. It will also serve as an emergency disaster shelter, and for use for banquets and community functions.

The second addition on the north side of the existing building will be the disaster service garage. This will house the mobile canteen (kitchen) that is ready to respond to local police, fire, and emergency needs. This is consistent with all the Salvation Army Disaster Service Resources for the greater Chicago communities. We would also provide a back up generator for continued food/shelter service should the power go out. There will be a foyer between the Phase I building and Phase II building. This will provide additional restrooms for the programming needs, and limit access to secure areas within the building to best protect those we serve.

Access to the programming green space will be through the building. This will provide secure program space consistent with our safe from harm child and vulnerable seniors protection operating guidelines.

Landscape Material Worksheet

RECEIVED
 MAY 15 2019
 CITY OF AURORA
 PLANNING & ZONING DIVISION

Project Number: 2015.213
Petitioner: The Salvation Army - An Illinois Corporation

Proposed Street Trees (Minimum of 4 unique entries required)

Family	Genus	Species	Common Name
Aceraceae	Acer	saccharum	State Street Miyabe Maple
Ulmaceae	Celtis	occidentalis	Hackberry
Fagaceae	Quercus	bicolor	Swamp White Oak
Rosaceae	Crataegus	crus-galli	Thornless Cockspur Hawthorn

Proposed Canopy Trees (Minimum of 4 unique entries required)

Family	Genus	Species	Common Name
Hamamelidaceae	Liquidambar	styraciflua	Moraine Sweet Gum
Platanaceae	Platanus	acerifolia	Bloodgood Planetree
Fagaceae	Quercus	imbricaria	Shingle Oak
Magnoliaceae	Liriodendron	tulipifera	Tulip-tree

Proposed Evergreen Trees (Minimum of 4 unique entries required)

Family	Genus	Species	Common Name
Pinaceae	Picea	glauca	Black Hills Spruce
Pinaceae	Picea	pungens	Colorado Green Spruce
Cupressaceae	Taxodium	distichum	Baldcypress
Pinaceae	Abies	concolor	White Fir

Proposed Understory Trees (Minimum of 4 unique entries required)

Family	Genus	Species	Common Name
Oleaceae	Syringa	pekinensis	China Snow Peking Lilac
Rosaceae	Malus	zumi	Zumi Crabapple
Anacardiaceae	Rhus	copallina	Flameleaf Sumac
Cornaceae	Cornus	alternifolia	Pagoda Dogwood

Proposed Deciduous Shrubs (Minimum of 4 unique entries required)

Family	Genus	Species	Common Name
Cornaceae	Cornus	alba	Ivory Halo Dogwood
Myricaceae	Myrica	pensylvanica	Northern Bayberry
Rosaceae	Physocarpus	opulifolius	Summer Wine Ninebark
Oleaceae	Syringa	meyeri	Dwarf Korean Lilac

Proposed Evergreen Shrubs (Minimum of 4 unique entries required)

Family	Genus	Species	Common Name
Buxaceae	Buxus	Glencoe'	Chicagoland Green Boxwood
Pinaceae	Picea	glauca	Dwarf Alberta Spruce
Taxaceae	Taxus	media	Dense Intermediate Yew
Cypress	Thuja	occidentalis	Woodward Arborvitae

For Trees no more than three of the same species shall be clustered together. And the goal should be that no Family shall account for more than 30%, no Genus shall account for more than 20%, and no Species shall account for more than 10% of any Planting Material Type.

The Landscape Materials are subject to review and approval by the Review Planner.
