Re: Master License Agreement

Dear Chief Council:

We are writing this letter to express our desire and willingness to move forward with the process of leasing space on certain poles in the City of Aurora and execute a Master License Agreement (the "MLA") with you as soon as possible.

We are in substantial agreement with the provisions of the MLA. However, we want to specifically focus your attention on our only issue with the current draft of the MLA, namely the limitation on the number of Site-Specific Permit Applications that can be filed within any 60-day period.

Our preference would be to have the ability to submit at least six (6) Site-Specific Permit Applications as soon as the MLA is executed. This will enable both parties to be engaged in a long-term, stable and fruitful business commitment. We are open to the possibility of increasing our financial commitment should you be willing to accept our position.

We want to ensure that together, we can start a strong and mutually beneficial relationship as soon as possible. We are happy to discuss further if you have any questions regarding the MLA or the contents of this letter. Our contact information is as follows:
