Eric,
I thought that might be the case. This group next meets on May 17th. If we could have some info by then it would be great.

Thanks,
Bill

Alderman Donnell

We cannot put our counters out until at least mid March when the threat of ice and snow has passed.

If you would like we can add it to the list for traffic counts when the weather breaks.

Subject: Speeding on Garfield

Gentlemen,

At the Blvd. neighbors meeting on Wednesday night several residents complained that cars were speeding on Garfield. The area of concern was between Randall and Lancaster. Officer Moore said he would do a detail in this area. Would it be possible to put the traffic counters out to verify the speeding problem? Most said the biggest problem was in the morning.

Thanks,

Bill
