

Tim Shields

Aurora, IL 60505 | (630) 256-3474 | shieldst@aurora.il.us

Dear Hiring Manager,

I am an advanced level GIS practitioner with twelve years municipal experience. As the GIS Team Lead for the City of Aurora, I have expertise in leading and managing GIS projects and users as well as researching, purchasing, and implementing new GIS software and hardware. I am well versed in designing and creating databases, maintaining and updating GIS data, and map production. I am proficient in working with professionals from all different backgrounds including engineers, field/maintenance workers, and administrative professionals to evangelize the use of GIS outside of the IT Department. I look forward to utilizing GIS to its fullest potential and am excited to deliver innovative smart solutions, services, and provide first class-customer service as the GIS Division & IT Department become the strategic business partner for the City of Aurora and the region.

Thank you for your consideration,

Tim Shields
