REQUIREMENTS AND MANDATES

STATE OF ILLINOIS

- THE STATE OF ILLINOIS RECENTLY PASSED LEGISLATION REQUIRING MUNICIPALITIES TO BE ON THE CURRENT OR MOST RECENT PRECEDING EDITION. THIS HOPEFULLY MEANS MORE REGULAR AND UNIFORM ADOPTION OF CODES ACROSS THE STATE. REQUIREMENT STARTED ON 01/01/2025.
- CANNOT HAVE STRUCTURAL REQUIREMENTS ANY LESS STRINGENT THAN THOSE IN ADOPTED VERSION OF THE ICC I-SERIES OF CODES
- ADOPTION REGULATED NOW, SO VIEW AS MANDATORY COMPLIANCE

VERISK-ISO

- VERISK-ISO RANKING PROVIDES MUNICIPALITIES WITH A BUILDING CODE EFFECTIVENESS GRADING SCORE (BCEGS) WHICH REQUIRES REGULAR EVALUATION TO DETERMINE CONTINUED PERFORMANCE AND UPDATES.
- THE CITY OF AURORA'S CURRENT SCORE OF 2 IS THE BEST IN THE STATE (LOWER THE BETTER).
- WE ARE CURRENTLY BEING REQUIRED TO UNDERGO AN EVALUATION OF OUR DEPARTMENT AND THE CODES WE ENFORCE TO RECEIVE AND UPDATED SCORE. MAINTAINING OUR CURRENT RANKING REQUIRES NEWER ADOPTED CODES TO SCORE AS WELL AS POSSIBLE DURING REVIEW.

BOARD REVIEWS

- BEGAN MEETING WITH OUR BOARDS AND COMMISSIONS IN 2025 TO GO OVER THE CODES AND REVIEW NOTES BY STAFF
