Qualifying Statement

The Final Engineering Plan will incorporate three (3) separate commercial business on the southwest corner of Liberty St. and Eola Rd. The first to be developed will be a car wash, with the other two undesignated now.

A. The public health, safety, morals, comfort or general welfare.

The public health and safety will not be negatively affected by the proposed development.

B. The use and enjoyment of other property already established or permitted in the general area.

The enjoyment of the surrounding property will be enhanced by the proposed development.

C. Property values within the neighborhood

Property values within the neighborhood will only increase with the proposed development. The existing land is unused, and this development will be a nice addition to the surrounding areas.

D. The normal and orderly development and improvement of surrounding property for uses established or permitted within their respective existing zoning districts

Developing a car wash and improving the surrounding two out lots can significantly enhance the property's overall value and appeal. By strategically grading the lots and ensuring they have proper access, you prime them for future development, creating a versatile space attractive to a variety of potential buyers. This development approach increases the area's usability and attractiveness, positioning the lots as highly desirable assets. Consequently, their marketability and sale potential are greatly enhanced.

E. Utilities, access roads, drainage and/or other necessary facilities

The proposed property will be tying into the public utilities along Liberty St. and Eola Rd. The proposed development will incorporate one storm water management facility and a storm sewer drainage system.

F. Ingress and egress as it relates to traffic congestion in the public streets

A right turn lane is proposed to be added to the entrance on Eola Rd.
There will be limited traffic congestion caused by the proposed development

G. The applicable regulations of the zoning district in which the subject property is proposed to be or is located.

All applicable regulations of the zoning district shall be adhered to.

QUICKSHINE CAR WASH

SOUTHWEST CORNER OF EOLA ROAD AND LIBERTY ST.
AURORA, ILLINOIS
