Allwyn Corporation Solution Overview

Workforce Safety - Maintaining vigilance beyond the pandemic.

We are offering Appian's Workforce Safety and Readiness (WSR) solution. Appian WSR is the only solution with a unified, automated and flexible approach for safely returning to onsite work and adjusting onsite operations as you track your workforce vaccination status. The unified response hub gives administrators real-time access to track employee health and vaccination insights, monitor incidents and contact tracing across facilities, automate return-to-work authorizations, and comply with company policies and government regulations. The solution can be deployed within hours on the HIPAA compliant and HITRUST-certified Appian Cloud, or as a self-managed solution.
