PHONE - 19135931445

LOCATION - 2270 Lakeside Dr, Aurora, IL 60504, USA

WHAT TYPE OF SIGN ARE YOU REQUESTING? - NO PARKING THIS SIDE OF STREET

WHAT IS THE REASONING BEHIND YOUR REQUEST? - PLEASE SEE DESCRIPTION

WHAT IS THE EXACT LOCATION FOR PLACEMENT? - PLEASE SEE DESCRIPTION

CURRENTLY ASSIGNED TO - Gerardo Licon in PW-Engineering

DESCRIPTION - Please review the safety of parking on both sides of Lakeside Dr. and consider posting "NO PARKING THIS SIDE OF STREET" signs on the north side of street (Westbound). Currently, parking is allowed on both sides of Lakeside Dr. However, this causes much difficulty seeing oncoming traffic or children entering the street.

This street leads to one of only two exits/entrances to Lakewood Neighborhood and is often used during rush hours when exiting onto Ogden Ave/Rt. 34 is unsafe or nearly impossible. Lakeside Dr. is also a bus route and due to the multiple cars and trucks that park on both sides, and the tight curve of the street it is often difficult for the bus to safely pass through.

This street leads to one of only two exits/entrances to Lakewood Neighborhood and is often used during rush hours when exiting onto Ogden Ave/Rt. 34 is unsafe or nearly impossible. Lakeside Dr. is also a bus route and due to the multiple cars and trucks that park on both sides, and the tight curve of the street it is often difficult for the bus to safely pass through.

Daily, there are two large service vans that park on the street across from each other on the bend in front of 2270 Lakeside Dr; and along with the large bush on this same bend near the fire hydrant, limit visibility and passage. Children are often playing basketball in that driveway, sometimes running into the street to retrieve the ball. No matter the speed you are driving, this is a unsafe situation as there is little visibility to oncoming traffic or the children entering the street. When driving westbound on Lakeside Dr. during sunset, the sun is in your direct view on the bend of the street, adding to limited visibility.

If requested, I have some images documented at different times of day as a sampling of the average parking on this street.

Thank you for your time and consideration,
Elissa Bright
