Re: 23005539.00 Well No. 105 – Shallow Well Drilling,  
Bid 24-018R Recommendation

Dear Mr. Leible,

This letter presents an evaluation of the bids received for Well No. 105 – Shallow Well Drilling project rebid. The Bid Opening was held on June 12, 2024, at 11:00 a.m. at City Hall at which time two (2) bids were received, opened, and read aloud publicly via virtual meeting. A certified bid tab is attached.

Municipal Well & Pump (MWP) was the apparent low bidder in the amount of \$505,885. MWP has been in business for over 100 years and have been employee owned for almost 20 years. MWP specializes in construction deep, large-diameter test and production wells and have completed well drilling and rehab services for several local communities. They have supplied everything necessary for a complete, responsive and responsible bid.

Based on the above information, Crawford, Murphy & Tilly, Inc. recommends that the City award the construction of the Well No. 105 – Shallow Well Drilling rebid to the lowest, responsive and responsible bidder, Municipal Well & Pump of Waupun, Wisconsin, in the amount of \$505,885.

Please contact me if you have any questions regarding any of the above information.

Sincerely,

**CRAWFORD, MURPHY & TILLY, INC.**
