Finishing Options

09 Inner Finisher (50-Sheet) MJ1042
 10 Console Finisher MJ1109
 11 Saddle-Stitch Finisher MJ1110

We have the inner finisher option on the new ones.
 The inner Finisher wasn't available on the old generation.
 All finishers collate/sort and corner staple.
 The bigger finishers 10 and 11 will staple in more positions.

3 Reasons to Upgrade Your Computers

1. Every PC older than four years can cost your customers over \$1,700 per year, per device in maintenance, repairs and lost productivity, compared to a new device.
2. Older devices lack the latest updates putting them at risk for cyberattacks and data breaches that effect more than 50%of small businesses.
3. New Windows 10 Pro devices keep your customers protected and productive—even on the go—with 25% more time efficiency, 28% faster startup and a battery that lasts three times longer than an older device.

CONFIGURATION

Cover Options

TOSHIBA

e-STUDIO™ 5015AC series

- > Color Multifunction Printer
- > Up to 50 PPM
- > Medium/Large Workgroup
- > Copy, Print, Scan, Fax
- > Secure MFP
- > Customizable UI

CONNECT, INTEGRATE, SIMPLIFY, AND MORE.

Technology for every workplace; delivering advanced functionality, ease of use, and peace of mind.

Every business is unique. That's why Toshiba offers the latest customizable solutions that can be tailored to meet your needs. Toshiba solutions help you simplify complex tasks while managing diverse information—efficiently and safely to maximize your productivity.

Toshiba's latest series delivers on our commitment to collaborate with clients to provide tailored, cost-effective solutions that meet your print, document management and content needs while helping you to meet your green objectives.

- > 45 & 50 PPM
- > High-resolution color
- > High-volume black & white, and color
- > Advanced e-BRIDGE Next technology
- > Fast dual-core processor

Simple, smart and stylish.

A larger 10.1" tablet-style touch screen with an embedded web browser is easy to use, and customizable to meet your needs, enhancing the sleek and modern look of the complete series.

Toshiba's latest e-BRIDGE Next controller delivers exceptional color quality.

Don't restrict yourself to black and white when you can print with eye-catching color. It's Toshiba's sophisticated color system with high resolution for top-notch image quality.

- > Up to 3,600 (Equivalence) dpi x 1,200 dpi (BW/with smoothing, PostScript 3)
- > 256 gradations for smooth transitions in photographs and illustrations
- > Auto-calibration and user calibration ensure consistency of color across small and large print jobs

Elevate streamlines complicated multi-step processes into automated, one-touch functions.

We know you have work to do and at Toshiba we've introduced a new concept designed to make your job easier and more productive by personalizing the MFP user interface around your specific business processes.

Elevate enables customized and automated workflow presenting the user with convenient one-touch functions addressing only the tasks they use most. This results in simple operation and improved efficiency leading to an overall cost savings. Let Toshiba Elevate your productivity.

- > Customize and automate workflows specifically around your business processes
- > Boost productivity by reducing manual and paper intensive processes in the office
- > Personalize the user interface by department to deliver the utmost efficiency
- > Cost savings and greater efficiency through improved workflow and productivity
- > Clear away clutter and confusion on home screen by presenting only the tasks used most
