AFFIDAVIT OFFICER TRACEY ARCHER

I, Tracey Archer, under penalties as provided by law pursuant to Section 1-109 of the Code of Civil Procedure [735 ILCS 5/1-109], certify that the statements set forth in this affidavit are true and correct, except as to matters therein stated to be on information and belief and, as to such matters, I certify, as aforesaid, that I verily believe the same to be true. Having so sworn, I state as follows:

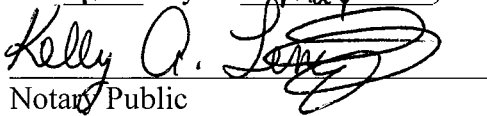

1. That this Affiant is an adult of legal age, with no impediment, either physical, mental or legal, which would affect my competency to testify.
2. That Aurora Police Department (“APD”) desires to update the 2002 Command Post and have the original company LDV, (where the vehicle was purchased) complete the work.
3. That LDV is on the General Supply Administration (GSA) Federal Supply Schedule providing vehicles for numerous Federal, State and local Agencies. LDV has been on the Federal Supply Schedule since February, 1993.
4. That said LDV has a master file containing proprietary information from when the vehicle was originally built. This includes the original specifications, engineering drawings, wiring schematics, audio/video diagrams, computer network schedules, radio antenna legends, telephone wiring diagrams and other documents. This will ensure that LDV can make the necessary modifications to the vehicle without affecting the integrity of the vehicle structure or electrical systems, providing operators a functional and safe working environment
5. Only manufacture using MIL spec wiring standards for long-term mobile applications.
6. As part of the retrofit, LDV will provide a complete systems check of all original onboard electronic wiring and will provide any necessary warranty repairs or updates at no cost.
7. LDV does technical support for the life of the vehicle at no charge.
8. No subcontracted work, at LDV we do our own metal fabrication, electronic work, paint graphics, and cabinetry. Meaning your questions are directed to a single source.
9. LDV parts inventory contains approximately 90% of operational components for quick service.
10. LDV provides lifetime 24/7/365 technical support for the Command Center. If another vendor makes modifications to the body structure or proprietary LDV electrical systems, LDV will be unable to continue providing technical support since they will not have documentation of changes made to the vehicle.
10. Pursuant to section 2-335(a)(3) of the Aurora Code of Ordinances, the product or service desired is provided by only one (1) provider.

11. Further affiant sayeth not.

Tracey Archer
Officer, Aurora Police Department
