Grantor shall provide notice, in writing, to Grantee of any such funding failure and its election to terminate or suspend this Agreement as soon as practicable. Any suspension or termination pursuant to this Section will be effective upon the date of the written notice unless otherwise indicated.

4.2. Return of Grant Funds. Any Grant Funds remaining that are not expended or legally obligated by Grantee, including those funds obligated pursuant to ARTICLE XVII, at the end of the Agreement period, or in the case of capital improvement Awards at the end of the time period Grant Funds are available for expenditure or obligation, shall be returned to Grantor within forty-five (45) days. These records must be maintained on a current basis and balanced at least quarterly. Cash contributions to the Program from third parties must be accounted for in the general ledger with other Grant Funds. Third party in-kind (non-cash) contributions are not required to be recorded in the general ledger, but must be under accounting control, possibly through the use of a memorandum ledger. To comply with 2 CFR 200.305(b)(7)(i) and 30 ILCS 708/520, Grantee shall use reasonable efforts to ensure that funding streams are delineated within Grantee's accounting system. See 2 CFR 200.302.

The reports must be signed by the employee, approved by the appropriate official, and coincide with a pay period. These time records should be used to record the distribution of salary costs to the appropriate accounts no less frequently than quarterly.

(iii) Formal agreements with independent contractors, such as consultants, must include a description of the services to be performed, the period of performance, the fee and method of payment, an itemization of travel and other costs which are chargeable to the agreement, and the signatures of both the contractor and

an appropriate official of Grantee.

(iv) If third party in-kind (non-cash) contributions are used for Grant purposes, the valuation of these contributions must be supported with adequate documentation.

(c) **Internal Control.** Effective control and accountability must be maintained for all cash, real and personal property, and other assets. Grantee must adequately safeguard all such property and must provide assurance that it is used solely for authorized purposes. Grantee must also have systems in place that provide reasonable assurance that the information is accurate, allowable, and compliant with the terms and conditions of this Agreement. 2 CFR 200.303.

Grantor shall have the right to require that Grantee transfer to Grantor any equipment, including title thereto, purchased in whole or in part with Grantor funds, if Grantor determines that Grantee has not met the conditions of 2 CFR 200.439. Grantor shall notify Grantee in writing should Grantor require the transfer of such equipment. Upon such notification by Grantor, and upon receipt or delivery of such equipment by Grantor, Grantee will be deemed to have transferred the equipment to Grantor as if Grantee had executed a bill of sale therefor.

22.2. Prohibition against Disposition/Encumbrance. The Grantee is prohibited from, and may not sell, transfer, encumber (other than original financing) or otherwise dispose of said equipment, material, or real property during the Grant Term without Prior Approval of Grantor. 26.5. Amendments. This Agreement may be modified or amended at any time during its Term by mutual consent of the Parties, expressed in writing and signed by the Parties.

26.6. Severability. If any provision of this Agreement is declared invalid, its other provisions shall not be affected thereby.

26.7. No Waiver. No failure of either Party to assert any right or remedy hereunder will act as a waiver of either Party's right to assert such right or remedy at a later time or constitute a course of business upon which either Party may rely for the purpose of denial of such a right or remedy.

26.8. Applicable Law; Claims. This Agreement and all subsequent amendments thereto, if any, shall be governed and construed in accordance with the laws of the state of Illinois. PERFORMANCE MEASURES

Key Performance Measures under the AIP: AIP provides funding to airports for infrastructure improvements such as safety, security and capacity projects.

- Eliminate airport conditions that cause aircraft accidents and security breaches.
- Reduce the number of people exposed to high levels of noise.
- Maintain airfield pavement in fair or better condition.
- Updated measures as issued by the FAA.

The GRANTEE will submit to the GRANTOR a complete and detailed final invoice with applicable supporting documentation of all incurred costs, less previous payments, no later than twelve (12) months from the date of completion of this phase of the improvement or from the date of the previous invoice, whichever occurs first. If a final invoice is not received within this time frame, the most recent invoice may be considered the final invoice and the obligation of the funds closed.

The GRANTEE shall provide the final report to the appropriate GRANTOR within twelve (12) months of the physical completion date of the project so that the report may be audited and approved for payment. If the deadline cannot be met, a written explanation must be provided to the district prior to the end of the twelve months documenting the reason and the new anticipated date of completion. If the extended deadline is not met, this process must be repeated until the project is closed. Failure to follow this process may result in the immediate close-out of the project and loss of further funding.

For Federally Funded Projects: The GRANTOR is to comply with FAA Order 5100.38D or most current publication of the Airport Improvement Handbook as well as all current Airport Sponsor Grant Assurances. In accordance with AIP Sponsor Guide – 1500, drawdowns of federal funds are to be done in a reasonable timeframe; prolonged inactivity (i.e., 12 months) may establish sufficient cause for the FAA to recover the unused funds by unilaterally closing the grant. As stated in the guidelines, inactivity of open grants may also jeopardize future federal projects.

For State-Let Projects: The GRANTEE is to remit payments to the GRANTOR in a timely manner as required under Payment Methods A, B, or C in Exhibit C. Failure to remit the payment(s), shall allow the GRANTOR to internally offset, reduce, or deduct the arrearage from any payment or reimbursement due or about to become due and payable from the GRANTOR to GRANTEE on this or any other contract. The STATE, at its sole option, upon notice to the GRANTEE, may place the debt into the Illinois Comptroller's Offset System (15 ILCS 405/10.05) or take such other and further action as may be required to recover the debt.

EXHIBIT F

PERFORMANCE STANDARDS

The current versions of the *AIP Handbook* and *AIP Sponsor Guide*, as approved by FAA at the time this Agreement is executed, are incorporated by reference.

Performance standards are contained in the resulting **GRANTOR** or **GRANTEE** Contract(s) or Engineering Agreement, whichever is applicable for the project. These performance standards include labor, materials, and other specifications and special provisions applicable to the individual Project(s) subject to the granted funds described herein.

EXHIBIT G

SPECIFIC CONDITIONS

Grantor may remove (or reduce) a Specific Condition included in this **Exhibit G** by providing written notice to the Grantee, in accordance with established procedures for removing a Specific Condition.

Financial and Regulatory Reporting (2 CFR 200.327)

Conditions: Log indicating report submittal due dates and actual report submittal dates with explanation if late. Undertake all steps to adhere to GAAP, supply the Grantor contact with a plan for said steps, and restate all financial statements as necessary for the given fiscal year.

Corrective Action: Grantee shall provide all required reports on-time and without error. In addition, the Grantee shall implement performance measures that tie to financial data if not currently in place.

Condition may be removed upon request after one year.

PART TWO – THE GRANTOR-SPECIFIC TERMS

In addition to the uniform requirements in **PART ONE**, the Grantor has the following additional requirements for its Grantee:

AUDIT

Grantee shall permit, and shall require its contractors and auditors to permit, the Grantor, and any authorized agent of the Grantor, to inspect all work, materials, payrolls, audit working papers, and other data and records pertaining to the Project; and to audit the books, records, and accounts of the Grantee with regard to the Project. The Grantor may, at its sole discretion and at its own expense, perform a final audit of the Project. Such audit may be used for settlement of the grant and Project closeout. Grantee agrees to implement any audit findings contained in the Grantor's authorized inspection or review, final audit, the Grantee's independent audit, or as a result of any duly authorized inspection or review

ETHICS

A. Code of Conduct

1. Personal Conflict of Interest – The Grantee shall maintain a written code or standard of conduct which shall govern the performance of its employees, officers, board members, or agents engaged in the award and administration of contracts supported by state or federal funds. Such code shall provide that no employee, officer, board member or agent of the Grantee may participate in the selection, award, or administration of a contract supported by state or federal funds if a conflict of interest, real or apparent would be involved. Such a conflict would arise when any of the parties set forth below has a financial or other interest in the firm selected for award:

- a. the employee, officer, board member, or agent;
- b. any member of his or her immediate family;
- c. his or her partner; or
- d. an organization which employs, or is about to employ, any of the above.

The conflict of interest restriction for former employees, officers, board members and agents shall apply for one year.

The code shall also provide that Grantee's employees, officers, board members, or agents shall neither solicit nor accept gratuities, favors or anything of monetary value from contractors, potential contractors, or parties to subcontracts. The Grantor may waive the prohibition contained in this subsection, provided that any such present employee, officer, board member, or agent shall not participate in any action by the Grantee or the locality relating to such contract, subcontract, or arrangement. The code shall also prohibit the officers, employees, board members, or agents of the Grantee from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain.

2. Organizational Conflict of Interest – The Grantee will also prevent any real or apparent organizational conflict of interest. An organizational conflict of interest exists when the nature of the work to be performed under a proposed third party contract or subcontract may, without some restriction on future activities, result in an unfair competitive advantage to the third party contractor or Grantee or impair the objectivity in performing the contract work.

DISPUTE RESOLUTION

In the event of a dispute in the interpretation of the provisions of this Agreement, such dispute shall be settled through negotiations between the Grantor and the Grantee. In the event that agreement is not consummated at this negotiation level, the dispute will then be referred through proper administrative channels for a decision and ultimately, if necessary, to the Secretary of the Illinois Department of Transportation. The Grantor shall decide all claims, questions and disputes which are referred to it regarding the interpretation, prosecution and fulfillment of this Agreement. The Grantor's decision upon all claims, questions and disputes shall be final and conclusive.

The Grantee shall include a requirement in all contracts with third parties that the contractor or consultant will comply with the requirements of this Agreement in performing such contract, and that the contract is subject to the terms and conditions of this Agreement.

 - Any project reports required by the GRANTOR or the FAA; and
 - Compliance with the Disadvantaged Business Enterprise requirements for the Project.
 - c. Obtain for the benefit of the GRANTOR all federal, State, and local permits as may be necessary to complete the Project.

Further, for each phase of Project work which is covered by separate contract, the Consulting Engineer shall render to the GRANTOR, through the Project Coordinator, both a semifinal and final inspection report. The final inspection report(s) shall certify to the GRANTOR and to the GRANTEE that the work involved has been fully completed in accordance with the plans, specifications and contract(s), including modifications or supplements by the GRANTOR the FAA through an approved change order, supplementary contract, or otherwise. The final inspection report(s) shall also certify that the work is acceptable to the Consulting Engineer.

Further, during the construction of the Project and prior to the Project Completion Date, the Consulting Engineer shall report directly to the Project Coordinator and may receive from the Project Coordinator such delegations of authority as the Project Coordinator believes to be reasonably appropriate to act and approve routine items on behalf of the Project Coordinator and the GRANTOR.

2. The GRANTEE shall agree that it will strictly comply with all State or Federal laws, rules, regulations, Program Guidance Letters, Grant Assurances and Covenants which are relevant to this Project, including, but not limited to, those stated in or incorporated by reference in the federal Grant Agreement during construction of the Project.

3. After the Project Completion Date, the GRANTEE agrees that:
 - a. The airport which is the subject of this Agreement will be owned or effectively controlled, operated, repaired and maintained adequately during its full useful life, or a period of 20 years, whichever is longer, for the rightful, fair, equal, and uniform use and benefit of the public; and
 - b. It will comply with all applicable State and Federal laws, rules, regulations, procedures, covenants and assurances required by the State of Illinois, GRANTOR, or the FAA in connection with any funds tendered under the Act in the operation of the airport; and
 - c. It will file with the GRANTOR and the FAA such reports as may be requested concerning the use, maintenance, and operation of the Airport.
4. The GRANTEE agrees to keep complete and adequate books and records in accordance with standard accounting procedures prescribed by the GRANTOR or the FAA relating to the Project described in this Agreement. The GRANTEE shall maintain, for a minimum of 5 years after the completion of the contract, adequate books, records, and supporting documents to verify the amounts, receipts, and uses of all disbursements of funds passing in conjunction with the contract; the contract and all books, records, and supporting documents related to the contract shall be available for review and audit by the FAA, Auditor General or the Illinois Department of Transportation/ GRANTOR; and the GRANTEE agrees to cooperate fully with any audit conducted by the Auditor General or the Illinois Department of Transportation/ GRANTOR and to provide full access to all relevant materials. Failure to maintain the books, records, and supporting documents required by this section shall establish a presumption in favor of the State for recovery of any funds paid by the State under the contract for which adequate books, records, and supporting documentation is not available to support their purported disbursement.
 - a. GRANTEE shall keep project accounts and records which fully disclose the amounts and disposition of the proceeds of the grant, received by the GRANTEE.
 - b. The GRANTOR reserves the right for its auditors to review and audit any and all records relating to projects funded by the GRANTOR or the FAA at the GRANTEE's office or location. Such audits can be used to expand on the audit work already performed by the independent auditor. These audits can also be made based on special requests from GRANTOR officials.

5. No leases will be entered into by the GRANTEE which grants exclusive use rights to any grantee for any facilities which are the subject of this Project.
6. The GRANTEE agrees not to dispose of airport land, purchased either wholly or partially by State funds, by sale or lease without the consent of the GRANTOR. In the event such consent is obtained, the GRANTEE further agrees to utilize for airport development the State's share of the acquisition cost or the fair market value of the land at the time of the sale, whichever is greater, based upon the percent of participation by the State in the original purchase. The proceeds from the sale of airport land which has had State participation shall be reserved and expended on items of work which would be normally eligible for State participation. Toward this end, the GRANTEE shall include a provision in each instrument recorded for every interest in land acquired or for which reimbursement is made under this Agreement which reads as follows:

The property interest of the GRANTEE in this real estate cannot be transferred without the written approval of the Illinois Department of Transportation, Division of Aeronautics. Further, in the event any such interest is no longer used for an approved airport purpose without the written approval of the Department that interest shall revert to a public airport entity appointed by the Department.

7. The GRANTEE covenants to zone (within its powers to do so) the Airport and its environs for compatible land use. The GRANTEE shall adopt airport hazard zoning regulations or shall request the GRANTOR to adopt airport hazard zoning under Section 17 of the Airport Zoning Act, (620 ILCS 25/17).
8. Land acquired or for which reimbursement is made under this Agreement which is farmed shall conform to the GRANTOR's guidelines for the development of a farming plan and shall comply with the erosion sediment control program and standards as developed by the Illinois Department of Agriculture or pertinent standards promulgated by a soil and water conservation district pursuant to Sections 36 and 38 of the Illinois Soil and Water Conservation District Act (70 ILCS 405/36 & 38).
9. The GRANTEE hereby certifies to the GRANTOR that it has acquired, in its name prior to construction, clear title in fee simple to all real estate upon which construction work is to be performed and a sufficient interest (by easement or otherwise) in any other real estate which may be affected by the construction process.
10. All commitments by the GRANTEE hereunder are subject to constitutional and statutory limitations and restrictions binding upon it.

The GRANTEE shall comply with all of the attached assurances, federal regulations, and laws, as shall apply to the Project, which are hereby incorporated into this Agreement by reference.

See bottom of "Section-A Indirect Cost Information".*

NOTE: The applicant may not have a Federally Negotiated Indirect Cost Rate Agreement. Therefore, in order for the applicant to be reimbursed for Indirect Costs from the State of Illinois, the applicant must either:

- A) Negotiate an Indirect Cost Rate with the State of Illinois' Indirect Cost Unit with guidance from our State Cognizant Agency on an annual basis.
- B) Elect to use the de minimis rate of 10% modified total direct cost (MTDC) which may be used indefinitely on State of Illinois Awards.
- C) Use a Restricted Rate designated by programmatic statutory policy. (See Notice of Funding Opportunity for Restricted Rate Programs).

State of Illinois
UNIFORM CAPITAL BUDGET TEMPLATE

Section A – Budget Summary (continued)

State of Illinois UNIFORM CAPITAL BUDGET TEMPLATE

Section C – Budget Worksheet & Narrative

[Attach separate sheet(s)]

Pay attention to applicable program specific instructions, if attached.

All applicants are required to submit a budget narrative along with Section A and Section B. The budget narrative is sometimes referred to as the budget justification. The narrative serves two purposes: it explains how the costs were estimated and it justifies the need for the cost. The narrative may include tables for clarification purposes. The State of Illinois recommends using the State of Illinois Uniform Budget Template worksheet and narrative guide provided.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B.
2. For non-State of Illinois funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If the applicant is requesting reimbursement for indirect costs on line 18, this information should be completed by the applicant's Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which the applicant is applying and/or the applicant's approved Indirect Cost Rate Agreement, some direct cost budget categories in the applicant's grant application budget may not be included in the base and multiplied by your indirect cost rate. Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.
5. Provide other explanations or comments you deem necessary.

State of Illinois UNIFORM CAPITAL BUDGET TEMPLATE

Keep in mind the following—

Although the degree of specificity of any budget will vary depending on the nature of the project and State of Illinois agency requirements, a complete, well-thought-out budget serves to reinforce your credibility and increase the likelihood of your proposal being funded.

A well-prepared budget should be reasonable and demonstrate that the funds being asked for will be used wisely. The budget should be as concrete and specific as possible in its estimates. Make every effort to be realistic, to estimate costs accurately. The budget format should be as clear as possible. It should begin with a budget narrative, which you should write after the entire budget has been prepared. Each section of the budget should be in outline form, listing line items under major headings and subheadings. Each of the major components should be subtitled with a grand total at the end.

Your budget should justify all expenses and be consistent with the program narrative.

Salaries should be comparable to those within the applicant organization. If new staff is being hired, additional space and equipment are considered, as necessary. If the budget lists an equipment purchase, it is the type allowed by the agency. If additional space is rented, the increase in insurance is supported. If an indirect cost rate applies to the proposal, the division between direct and indirect costs is not in conflict, and the aggregate budget totals refer directly to the approved formula. Indirect costs are costs that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project (like the cost of operating and maintaining facilities, depreciation, and administrative salaries).

\$200,308 Revision of budget and program plans

(e) The Federal/State awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for Federal/State awards in which the Federal/State share of the project exceeds the Simplified Acquisition Threshold and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent or \$1,000 per detail line item, whichever is greater of the total budget as last approved by the Federal/State awarding agency. The Federal/State awarding agency cannot permit a transfer that would cause any Federal/State appropriation to be used for purposes other than those consistent with the appropriation.

Stephen K. Andras
Aurora Municipal Airport
Aurora City Hall

Aurora, IL 60507

Stephen K. Andras,

The Illinois Department of Transportation's Airport Improvement Program provides funding for projects at airports throughout the state to ensure the continuation of safe and efficient operations at these facilities and maximize opportunities for economic development in Illinois.

The project detailed herein was selected for your airport based on project requests submitted to the Department during the Transportation Improvement Program (TIP) meetings. This program is based on Federal Aviation Administration (FAA) funding levels established in federal legislation which provide for a minimum of \$1 million in entitlement funds for primary airports and a maximum of \$150,000 entitlement funds for non-primary airports. Federal legislation calls for a maximum 90% federal match. As such, the state and local match will be 5% each for all projects which are eligible for state funding. All other federal projects which are not eligible for state funds will require a minimum 10% local match.

Funding for the Illinois Airport Improvement Program is dependent upon receipt of Federal funds and legislative authorization of state appropriations.

The Department and the Airport Sponsor hereby agree to participate in the project indicated below at the designated funding levels. **The Airport Sponsor shall pay any additional project costs which exceed the total sum of state and federal funds as planned and programmed. If additional funds are deemed necessary, an amendment to the Agency Agreement with the Department must be developed and approved by the Department and the FAA before any additional funding may be incurred.** In the event the Illinois General Assembly fails to appropriate funds, or sufficient funds are otherwise not made available for these projects, the Airport Sponsor will be required to pay the state and local costs as itemized below. This will include any amount which exceeds the totals listed.

Projects were selected based on the FAA's National Priority System as well as other state and local priorities. The Department has programmed the following project to be included in the FFY 2019 Proposed Airport Improvement Program for your airport:

The project “**Airfield Pavement Rehabilitation (Area 1)**” will be funded as follows:

State Apportionment	\$330,300
State Match	\$18,350
Local Match	\$18,350
<hr/> Total Project Cost	<hr/> \$367,000

The Office of Intermodal Project Implementation (Aeronautics) letting schedule for construction projects must be strictly followed to ensure projects are advertised and brought to letting in an organized manner. The letting schedule allows for 30 weeks to develop a project from the date of the pre-design meeting to the letting.

To ensure eligibility of professional services for state and federal funding participation, you are required to satisfy the qualifications based selection process and enter into a retainer agreement, or professional services A/E agreement with the consultant of record selected for the project prior to any costs being incurred. This should take place prior to the project initiation/pre-design meeting. Aeronautics will facilitate this process, as well as the initial development and review of fees.

The project contained in this letter is officially programmed for development. It is now the Airport Sponsor's responsibility to initiate the professional services phase of the project. Please contact Aeronautics, either directly or through your consultant, to schedule a project initiation meeting.

Your Aeronautics Design Section Chief is Mr. Steve Long, P.E. and he may be reached at 217.785.4214 to initiate the project. **Please initiate this project within 12 months of the date of this letter or the project will no longer be considered programmed. Projects are initiated by scheduling a predesign meeting for design/construction projects or a project initiation meeting for planning and environmental projects.**

Please contact myself in the Office of Planning and Programming at 217.782.4118 or Richard Borus in Aeronautics at 217.785.0056 if you have questions regarding this program letter.

Sincerely,

BJ Murray

- F. The Engineer agrees that the Sponsor, the Division, the Federal Aviation Administration, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the Engineer which are directly pertinent to the specific grant program for the purpose of making audit, examination, excerpts and transcriptions.

IV. SPECIAL PROVISIONS

- A. If any of the services outlined in Section I are furnished by the Engineer by obtaining such services outside the Engineer's organization, the Engineer shall provide an executed contract between the person(s) or firm and the Engineer outlining the services to be performed and the charges for the same. Two (2) copies of the executed contract shall be submitted to the Owner for approval prior to the services being performed.
- B. During the performance of this contract, the Engineer, for itself, its assignees and successor in interest agrees as follows:
 - 1. The Engineer shall comply with the Regulations relative to nondiscrimination in federally assisted programs of the Department of Transportation (DOT) Title 49, Code of Federal Regulation, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by referenced and made a part of this contract.
 - 2. The Engineer, with regard to the work performed by it during the contract, shall not discriminate on the grounds of race, color or national origin in the selection and retention of subcontractors, including procurements of material and leases of equipment. The engineer shall not participate either directly or indirectly in the

discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

3. The Engineer shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Owner or the Federal Aviation Administration (FAA) to be pertinent to ascertain compliance with such Regulations, order and instructions. Where any information required of the Engineer is in the exclusive possession of another who fails or refuses to furnish this information, the Engineer shall so certify to the Owner or the FAA, as appropriate, and shall set forth what efforts it has made to obtain the information.
 4. In the event of the Engineer's noncompliance with the nondiscrimination provisions of the contract, the Owner shall impose such contract sanctions as it or the FAA may determine to be appropriate, including, but not limited to -

 5. The Engineer shall include the provisions of Paragraphs 1 through 5 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the regulations or directives issued pursuant thereto. The Engineer shall take such action with respect to any subcontract or procurement as the Owner or the FAA may direct as a means of enforcing such provisions including sanctions for noncompliance.
Provided, however, that in the event the Engineer becomes involved, or is threatened with, litigation with the subcontractor or supplier as a result of such direction, the Engineer may request the United States to enter into such litigation to protect the interests of the United States.
- C. It is the policy of the Department of Transportation (DOT) that minority business enterprises as defined in 49 CFR Part 23 shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement. Consequently, the MBE requirements of 49 CFR Part 23 apply to this agreement.

ILLINOIS REVISED STATUTES - CHAPTER 127

132.11-1. Contracts with State Officers or Employees -
Prohibition - Exceptions - Penalty

11.1 It is unlawful for any person holding an elective office in this State, holding a seat in the General Assembly, or appointed to or employed in any of the offices of State government, or who is an officer or employee of the Illinois Building Authority or the Illinois Toll Highway Authority, or who is the wife, husband or minor child of any such person to have or acquire any contract, or any direct pecuniary interest in any contract therein, whether for stationery, printing, paper or for any services, materials or supplies, which will be wholly or partially satisfied by the payment of funds appropriated by the General Assembly of the State of Illinois or in any contract of the Illinois Building Authority or the Illinois Toll Highway Authority. Payments made for a public aid recipient are not payments pursuant to a contract with the State within the meaning of this Section.

It is unlawful for any firm, partnership, association or corporation in which any such person is entitled to receive more than 7-2% of the total distributable income to have or acquire any such contract or direct pecuniary interest therein.

It is unlawful for any firm, partnership, association or corporation in which any such person together with his spouse or minor children is entitled to receive more than 15%, in the aggregate, of the total distributable income to have or acquire any such contract or direct pecuniary interest therein.

Nothing in this Section invalidates the provisions of any bond or other security hereto or hereafter offered for sale or sold by or for the State of Illinois.

This Section does not affect the validity of any contract made between the State and an officer or employee of the State or member of the General Assembly, his spouse, minor child or any combination of such persons, if that contract was in existence before his election or employment as such officer, member, or employee. Such a contract is void, however, if it cannot be completed within 6 months after such officer, member, or employee takes office, or is employed.

This Section does not apply to (1) a contract for personal services as a teacher or school administrator between a member of the General Assembly or his spouse, or a State officer or employee or his or her spouse, and any school district, public community, college district, the University of Illinois, Southern Illinois University or any institution under the control of the Board of Governors of State Colleges and Universities or under the control of the Board of Regents or (2) a contract for personal service of a wholly ministerial character including but not limited to services as a laborer, clerk, typist, stenographer, page, bookkeeper, receptionist or telephone switchboard operator, made by a spouse or minor child of an elective or appointive State officer or employee or of a member of the General Assembly or (3) payments made to a member of the General Assembly, a State officer or employee, his or her spouse or minor child acting as a foster parent, homemaker, advocate, or volunteer for or in behalf of a child or family served by the Department of Children and Family Services.

Any person convicted of a violation of this Section shall be guilty of a business offense and shall be fined not more than \$2,500.

Amended by P.A. 79-779, 1, eff. October 1, 1975.

Amended by P.A. 82-622, 16, eff. January 1, 1982.

This prohibition does not extend to certain contracts for personal services of a ministerial nature as provided for in Section 11.1 or to subcontracts. (1976 Op. Atty. Gen. No. S-1281).
