**Subject:** Request for some no parking signs - new issue

Hey Bob. I wonder if you can consider the following request. One of my sergeants related the following to me:

"At Wheatlands school there is a parking issue occurring mostly in the afternoon at dismissal time 1550hrs. On the north-side of Barrington W Dr which is posted no parking. I am requesting first that the current signs read no stopping standing parking this side, because the current placement misleads parents into thinking that only a small portion of the roadway is no parking and they think that if they are in the vehicle they are not parking. I am also requesting two more signs be posted on the portion of the street from the exit from the school parking lot to Cool Creek."

We understand this many signs in close proximity may be against policy/practice, but are asking for an exception based on the specifics here. The parents here seem to need more signage due to their practices and seeming tunnel vision of picking up their children from school.

Thanks for your thoughts, Bob. Mike
