Subject: Request for a 4 way stop at Sherman and 4th Street

Bob,

Last night at the South Harbor neighbors meeting I received a request to upgrade the intersection of Sherman and 4th street from 2 way to a 4 way stop intersection.

I am told that cars speed Sherman Avenue which crosses the route that children from area use to walk to school.

I would request that a study be prepared for this intersection and this request placed on the GO committee.

Thanks,

Bill
