1886 Photo of the Aurora Grand Army of the Republic Memorial Hall, Post 20. The Sentry Statue stood atop the historic Hall until 2008.

Sentry Statue is removed from the roof of the GAR Museum in 2008, as part of ongoing restoration project.

After being removed from the top of the GAR Museum in 2008, the Sentry Statue was taken away for safe storage.

Aurora's Grand Army of the Republic Memorial Museum reopened in 2016 – without the historic Sentry Statue atop the building. Returning the Sentry Statue to His Post is an important element in completing the GAR Museum restoration project.
