Special Notes: Prices do not include unloading, material storage, site excavation/preparation, removal of existing equipment, removal of excess soil from footing holes, site security, safety surfacing (unless shown in quoted items above), installation (unless shown in quoted items above) or sales tax (if applicable). Prices are based on standard colors per CURRENT YEAR BCI Burke Catalog. Custom colors, where available, would be an extra charge. Freight charges are predicated on all items being ordered and shipped at the same time.

Rock Clause: If excessive underground obstructions such as rock, coral, asphalt, concrete, pipes, drainage systems, root systems, water or any other unknown obstructions are discovered, additional charges will be added to the proposal.

Disclaimer: These prices are based on having full access to the play area once the installation starts and right of way for Perfect Turf and its subcontractors until completion. We will require a scope review meeting to finalize plans and details.

DISCLAIMER: Turf does in fact get hot in direct sunlight, although it does not retain or radiate any heat.

Perfect Turf LLC does not guarantee that natural grass/weeds will not grow through the drainage holes.
Reflection from windows or glass top tables can create a magnifying affect and melt the turf.
Compression, laying down of fibers (eg: matting) and foot traffic patterns are all considered normal wear and
