QUALIFYING STATEMENT OF PETITION
Hall Elementary School
Casefile No. AU18/2-26.169-CU/SR

West Aurora School District 129 serves residents in the west side of the City of Aurora, as well as North Aurora, Sugar Grove and Montgomery. School District 129 has an enrollment of over 12,500 students in ten elementary schools, four middle schools, one high school, one child development center, and one special-education facility.

Hall Elementary School and its school site at 2001 Heather Drive, in Aurora, is currently zoned P Park and Recreation District. The Board of Education of West Aurora School District 129, as Owner, seeks zoning of P(C) Park and Recreation District with a Conditional Use for Educational Services (6100) to allow for parking lot expansion at Hall.

Hall Elementary School was first constructed in 1961 and has experienced several additions and renovations since its initial construction. Hall provides educational services for students from pre-kindergarten through grade 5 and currently has an enrollment of 503 students and a staff of 68 teachers and educational support personnel.

Parking at Hall Elementary School needs improvement, an issue that the School District is currently addressing. Historically, those students who are bussed to Hall are dropped off, and picked up, in the lane that enters the school site off Heather Drive on the east and exits the school site to Heather Drive on the west. All vehicular traffic enters the school site via the lane off of Heather Drive.

Most of Hall's students are within walking distance, but their parents or guardians often drive them to school. Due to the current lack of onsite parking, teachers and staff are often forced to park on Heather Drive, causing congestion when students are dropped off there.

The Fox Valley Park District owns the property west and north of the Hall School site. Through an Intergovernmental Agreement, the Park District shares use of the playground. The School District has use of

42 Park District parking spaces (the west lot), including 0 accessible spaces, on school days. Additionally, Hall School has an east parking lot which has 17 parking spaces, including 3 accessible spaces, as well as 6 spaces in the circle drive in front of the School. This project will modify those spaces in the east parking lot to keep 17 parking spaces, while increasing the accessible spaces to 4. The 6 parking spaces on the circle drive will remain unchanged. Significantly, the project will provide new interior parking in the lawn within the circle drive, adding an additional 31 parking spaces as depicted on the drawings, for a total of 96 parking spaces, 4 of which are accessible and remain close to the school on the east side.

The new parking lot will enhance the public health, safety, morals, comfort and general welfare of the citizens of the City of Aurora. The lot will be designed to decrease on-street parking which will enhance the use and enjoyment of other property already established or permitted in the general area. Open space on the site will remain available for public use when not in use by the District. It is anticipated that property values will increase in the immediate area due to the improved school facilities and less parking congestion.

The Board of Education of West Aurora School District 129, as Owner, seeks zoning of P(C) Park and Recreation District with a Conditional Use for Educational Services (6100) to allow for this parking lot expansion at Hall Elementary School. This zoning and project will have no detrimental effect on the normal and orderly development or improvement of the surrounding properties within their existing zoning classification.

Ingress and egress should improve as the additional parking is expected to relieve congestion, particularly at the beginning and end of the school day. This will be coordinated in conjunction with City staff to address safety concerns and alleviate traffic congestion in the public streets. The parking lot will utilize existing entrances, with one existing entrance being modified. The School District is always mindful of improving parking and traffic patterns wherever possible.

Filing Fee Worksheet

Project Number: DST2026-008

Linear Feet of New Roadway: 0

Petitioner: West Aurora School District 129 - Freeman Eleme

New Acres Subdivided (if applicable): 0.00

Number of Acres: 3.81

Area of site disturbance (acres): 0.34
