RE: Aurora PD Parking Garage Wifi Cabling

Mr. Shinkus,

Thank you for the opportunity to submit the following proposal for the project referenced above.

Scope of Work

1. Furnish and install a complete conduit system using IMC conduit and fittings to (14) WAP locations per the document provided.
2. Conduits will be sized to (2) WAP cables to one 3/4" conduit and (4) WAP cables to a 1" conduit.
3. Conduits will be routed to the existing wall mounted cabinet.
4. Furnish and install (1) 24-port Ortronics Cat6A patch panel in the existing wall mount cabinet.
5. Furnish and install (1) Cat6A cable to each of the (14) WAP locations.
6. Provide labor to terminate (14) cables on the patch panel.
7. Furnish and install Cat6A RJ45 mod-plug connectors at the WAP end.
8. Provide Fluke testing on all (14) cables.
9. Review, compile and submit test results upon completion.

Labor and Equipment Total:**\$54,189.00****Notes:**

- Work to be completed during normal working hours Monday through Friday
- Permits by others if required
- Includes lift rentals for the duration of the project
- Excludes the demo of the existing conduit and WAP system

We appreciate the opportunity to provide your company with a proposal and hope to work with you on this project. Should you have any questions or if we can be of further assistance, please call me at the number below.

Thank you,

Nate Schroeder
