Good afternoon Cassandra,

Thank you for the opportunity. Based on our long-standing relationship and our commitment to supporting the City of Aurora, we are able to match the pricing submitted by Water Well Solutions.

We also appreciate your trust in working with a local vendor and considering more than just the numbers. That means a lot to us.

We look forward to moving ahead with this project and delivering the quality and reliability you expect.

Please let me know if you need any kind of documentation stating the same.

Best Regards.
