**Subject:** Parking restrictions request for Southwind development

Bob,

Our parking restrictions around Harbor Village have been very successful in reducing crime and calls for police service. I would like to now request that we extend these parking restrictions north to cover the streets surrounding the Southwind development. These additional restrictions were requested by our COP officers and reviewed and approved by Ralph Jordan director for the Aurora Housing Authority(AHA). We also presented the proposed restrictions at the SouthHarbor neighborhood group who concurred with the proposed restrictions.

The requests are as follows;

1. Extend the no parking either side of Pearl Street north from Sherman to Melrose
2. Extend the no parking east side of 4<sup>th</sup> Street north from Sherman to Melrose ( 4<sup>th</sup> street is posted no parking on the west side)
3. Restrict parking on either side of Melrose from 4<sup>th</sup> street to two lots east of Pearl Street
4. Restrict parking in the alley north of Melrose

We hope these restrictions will make this neighborhood safer by eliminating convenient parking and gathering areas to those individuals who have been banded from the Southwind development. AHA will be working with the residents to provide for guest parking for Southwind.

Thanks,

Bill
