It is hereby found and declared that the financing of the Project, the refinancing of the Prior Project and the use thereof by the Company as hereinbefore provided, is necessary to accomplish the public purposes described in the preamble hereto, and that in order to further secure the Bond, the assignment of the right, title and interest of the Issuer in and to the Agreement (except certain expense and indemnification payments) and the Note, pursuant to the Assignment, is necessary and proper.

## AUTHORIZATION AND PAYMENT OF BOND

*Section 3.* That for the purpose of financing a portion of the cost of the Project and the refunding of the Prior Bond, there shall be and there is hereby authorized to be issued by the Issuer its Special Facility Revenue Bond, Series 2010 (Marmion Project), which shall be issued in the principal amount of \$10,000,000, shall be dated the date of its delivery (except as otherwise provided herein), shall be lettered R and numbered 1, shall be issued in fully registered form in the name of the Owner, or registered assigns, shall mature as to principal in principal installments, payable on the first Business Day of each calendar month and in the principal amounts as set forth in Schedule B attached to and made a part of the Bond, commencing on the earlier of (i) the first Business Day of the calendar month after the completion of the Project, as certified in Section 3.4 of the Agreement, or (ii) September 1, 2011, but maturing not later than September 1, 2036, and shall bear interest on the unpaid principal amount of the Bond from the date of the Bond at the rate equal to 67% of LIBOR, calculated on the date of delivery of the Bond and the first Business Day of each calendar month thereafter, plus three percent (3%), payable monthly on October 1, 2010, and on the first Business Day of each calendar month thereafter, until paid, computed on the basis of a calendar year consisting of 360 days and calculated on the actual number of days elapsed. In the event that a Determination of Taxability shall occur, the Bond shall bear interest at 100% of LIBOR, calculated on the date that the interest on the Bond becomes includible in gross income for federal income tax purposes, and the first Business Day of each calendar month thereafter, plus three percent (3%) from the date that the interest on the Bond becomes includible in gross income for federal income tax purposes, payable monthly until final maturity. In the event that the principal installments of the Bond become due and payable prior to the completion of the acquisition, construction and installation of the Project, the principal installments coming due shall be payable as set forth in *Schedule B* attached to and made a part of the Bond until the completion of the Project, at which time the schedule of principal installments payable shall be adjusted as hereinafter provided in the event that \$10,000,000 is not advanced as the purchase price for the Bond. In the event that an event of default has occurred and is continuing hereunder, the Bond shall bear interest at the Prime Rate in effect from time to time, plus two percent (2.0%). The outstanding principal amount of the Bond on any date shall be the principal amount of the Bond advanced from time to time as the purchase price for the Bond, pursuant to Sections 5 and 12 hereof, less any payments of principal previously made. In the event that the full purchase price for the Bond shall not be advanced by the Owner in the principal amount of \$10,000,000, pursuant to Sections 5 and 12 hereof, the principal installments of the Bond shall be recalculated to reduce the outstanding principal installments of the Bond on a *pro rata* basis based upon the principal amount of the Bond which is not advanced, *Schedule B* to the Bond shall be revised, and the Owner shall give the Issuer and the Company written notice of the revised maturity schedule.

The principal installments of, premium, if any, and interest on the Bond shall be payable in lawful money of the United States of America in immediately available funds at the principal office of the Owner. The Owner shall note on the Payment Record attached as Schedule A to the Bond the date and amount of the payment of principal then being paid (whether at maturity or upon acceleration or prior redemption) and interest then being paid and of principal installments theretofore paid (whether at maturity or upon acceleration or call for prior redemption) and interest theretofore paid and not yet noted thereon. Upon request of the Company or the Issuer,

the Bond shall be available for inspection by the Company or the Issuer during regular business hours at the principal office of the Owner. The Owner shall notify the Issuer at least annually of the payments of principal of the Bond (whether at maturity or upon acceleration or call for prior redemption) made during such annual period, and shall include in such notification a statement of the unpaid balance of the Bond.

The Bond, together with interest thereon, shall be a special, limited obligation of the Issuer, secured by the Agreement, the Note made payable to the Issuer and endorsed by the Issuer to the Owner, and an assignment of the right, title and interest of the Issuer in and to the Agreement (except certain expense and indemnification payments) and the Note, pursuant to the Assignment, shall be payable solely from the revenues and receipts derived from the Agreement and the Note (except to the extent paid out of moneys attributable to the Bond proceeds and the income from the temporary investment thereof), and shall be a valid claim of the Owner thereof only against the revenues and receipts derived from the Agreement and the Note (except as provided aforesaid), which revenues and receipts shall be used for no other purpose than to pay the principal of, premium, if any, and interest on the Bond, except as may be otherwise expressly authorized in this Ordinance and in the Agreement. The Bond is being issued pursuant to the Enabling Act, and shall not be deemed to constitute an indebtedness of the Issuer, the State of Illinois or any political subdivision thereof, or a loan of credit or a charge against the general credit or taxing powers of any of them, within the meaning of any constitutional or statutory provisions, but is a special, limited obligation of the Issuer, payable solely out of the revenues and receipts of the Issuer derived pursuant to the Agreement (except as provided aforesaid) and the Note. No Owner of the Bond shall have the right to compel the taxing powers of the Issuer, the State of Illinois or any political subdivision thereof to pay the principal installments of, premium, if any, or interest on the Bond.

The principal installments of the Bond shall be subject to redemption prior to maturity at the option of the Issuer from any available funds, including funds derived from the prepayment of the principal of the Note (or a portion thereof) at the option of the Company pursuant to Section 7.1 of the Agreement or borrowed funds, on any date, as a whole, or in part in inverse order of maturity, at a redemption price of 100% of the principal amount thereof being redeemed plus accrued interest to the date fixed for redemption.

The principal installments of the Bond shall also be subject to redemption prior to maturity by the Issuer in the event that the Company shall be obligated to prepay the principal of the Note upon the request of the Owner, in whole, on September 1 of any of the years 2013, 2016, 2019, 2022, 2025, 2028, 2031 or 2034, at a redemption price of 100% of the outstanding principal installments thereof, plus accrued interest thereon to the date fixed for redemption, without premium, as provided in Section 7.3 of the Agreement.

Upon receipt by the Issuer and the Owner of at least ten (10) days' prior written notice from the Company, specifying a date for the prior redemption of the principal installments of the Bond (or portions thereof), the Owner shall, to the extent that amounts are or become available therefor, apply such amounts on behalf of the Issuer to the prior redemption of the principal installments of the Bond (or portions thereof) in accordance with the preceding paragraphs. The principal installments of the Bond (or portions thereof), if designated for prior redemption, shall

cease to bear interest on the specified redemption date, provided sufficient funds for their redemption have been paid to and collected by the Owner on behalf of the Issuer for such purpose on or before such date.

The Bond shall be prepared in typewritten form.

The Mayor of the Issuer is hereby authorized, empowered and directed to execute the Bond by his or her manual or facsimile signature, and the City Clerk of the Issuer is hereby authorized, empowered and directed to attest the Bond with his or her manual or facsimile signature and to affix the official seal of the Issuer thereto. In case any official whose signature shall appear on the Bond shall cease to be such official before the delivery of the Bond, such signature shall nevertheless be valid and sufficient for all purposes, the same as if such official had remained in office until delivery. The Bond may be signed on behalf of the Issuer by such persons who, at the time of the execution of this Bond, are duly authorized or hold the appropriate offices of the Issuer, although on the date of the Bond such persons were not so authorized or did not hold such offices.

The Bond shall be transferable only as a whole as provided in this Ordinance. Upon surrender of the Bond for transfer at the principal office of the Owner, duly endorsed for transfer or accompanied by an assignment duly executed by the Owner or its attorney duly authorized in writing, the Issuer shall execute and deliver in the name of the transferee a substitute fully registered Bond of the same series, in the denomination of the unpaid principal amount thereof, with the same outstanding maturities and interest rate. The Issuer shall cause books for the registration and for the transfer of the Bond as provided in this Ordinance to be kept by the Owner which is hereby constituted and appointed the Bond Registrar of the Issuer. The Owner, as Bond Registrar, shall keep and maintain, on behalf of the Issuer, registration books indicating the name and address of the registered owner from time to time of the Bond. The Bond shall never be registered to bearer. The Owner shall not be required to transfer the Bond during the period of five (5) days next preceding any interest payment date of the Bond nor to transfer the Bond after the mailing of notice calling principal of the Bond for prior redemption has been given as herein provided. The person in whose name the Bond shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of, premium, if any, or interest on the Bond shall be made only to or upon the written order of the registered owner thereof or its legal representative, but such registration may be changed as hereinabove provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon the Bond to the extent of the sum or sums so paid. In each case the Issuer shall require the payment by the Owner of the Bond requesting transfer of any tax or other government charge required to be paid with respect to such transfer.

In the event the Bond is mutilated, lost, stolen or destroyed, the Issuer may execute a substitute Bond of like date, tenor and maturities as the Bond mutilated, lost, stolen or destroyed; *provided*, that, in the case the Bond is mutilated, the mutilated Bond shall first be surrendered to the Issuer, and in the case the Bond is lost, stolen or destroyed, there shall be first furnished to the Issuer evidence of such loss, theft or destruction reasonably satisfactory to the Issuer, together with indemnity satisfactory to the Issuer. The Issuer shall duplicate on the Payment Record of the substitute Bond replacing the mutilated, lost, stolen or destroyed Bond all

payments of principal (whether at maturity or upon acceleration or prior redemption) and interest which the records of the Issuer indicate as having appeared on the mutilated, lost, stolen or destroyed Bond. In the event all the principal installments of the Bond shall have matured, instead of issuing a substitute Bond the Issuer may pay the same without surrender of the Bond. The Issuer may charge the Owner of the Bond with reasonable fees and expenses in this connection.

Pursuant to the provisions of the Agreement, payments sufficient for the prompt payment when due of the principal installments of, premium, if any, and interest on this Bond are to be paid by the Company to the Owner on behalf of the Issuer, and all revenues and receipts accruing from the repayment of the loan by the Company under the Agreement and the Note have been duly assigned and pledged to the Owner for that purpose, under the Bond Ordinance, to secure payment of the principal installments of, premium, if any, and interest on this Bond.

The principal installments of this Bond are subject to redemption prior to maturity at the option of the Issuer from any available funds, including funds derived from the prepayment of the principal installments of the Note (or a portion thereof) at the option of the Company pursuant to Section 7.1 of the Agreement or borrowed funds, on any date, as a whole, or in part in inverse order of maturity, at a redemption price of 100% of the principal amount hereof being redeemed plus accrued interest to the date fixed for redemption.
