Action Text: A motion was made by Mr. Signorelli, seconded by Mr. Castrejon, that this agenda item be Forwarded to the Planning & Development Committee, on the agenda for 3/29/2018. The motion carried by voice vote.

Notes: Mrs. Morgan said this is a Text Amendment to the Preservation Ordinance, so it will have to go all the way to City Council for approval. The Mayor's office reached out to me looking at wanting to pay the Preservation Commission members for attending meetings. We currently pay the Planning Commission, Zoning Board of Appeals, and FoxWalk Design Review Committee, so any of the committees that have some type of regulatory role either to make a final determination or provide recommendations to the Council, as the Planning Commission and Zoning Board of Appeals do. Preservation obviously does as well. So the Mayor's office reached out to me about that. The Ordinance does not allow compensation, so we do have to remove that from the Ordinance in order to allow compensation. Currently the Planning Commission and ZBA get \$75.00 a meeting. It is per each meeting you attend. If the meeting is cancelled, there would be no compensation.

Mr. Miller said that would apply probably to the monthly Commission meeting. I assume that that wouldn't apply to sub-committee meetings.

Mrs. Morgan said correct. It would just be the Commission.

Mr. Miller said I haven't collected a reason yet, but I'll just ask again on the record so it could be in the minutes, at least, that I asked. Is anyone aware of a reason why the Ordinance was originally written to not allow compensation for Commissioners?

Mrs. Morgan said we do not. It could be at the time maybe none of the Commissions received compensation. It might just have been there was a template of another ordinance that we were kind of using as a template and it was in there and it remained. I'm not really certain why.

Mr. Miller said in my informal questioning, I haven't found of anyone who knows of a reason for that, but at least let it be recorded that I tried to find out what was the reason. We can't identify one.
