RE: New Proposed Dunkin Donut with Drive thru in existing Marathon

Dear Respected Sir/Ma'am:

We are requesting to take into consideration our request to open New Dunkin Donut in existing Marathon Gas St, located at Northeast Corner of Ogden and Eola rd, in Aurora. We are trying to develop a business that will be win win for City of Aurora, People of Aurora and US (a hard working Franchisee in Aurora). ***Our request is for a special use for a restaurant facility with a drive-thru.***

This proposed site we choose as this particular location has not been in good business for last 10 years. It has been ON and off closed or open and closed again for most of the time. Other concepts didn't fly well in that location (Car wash, Taco bell stc). We know we can have Marathon landlord do major signage and light upgrade inside and outside of building to make it look as Brighter landmark of City of Aurora.

Why here: This is located on west bound traffic of Ogden and Northbound traffic of Eola rd. Both directions of these traffic route travelers are giving their business either to Oswego or North Aurora. We have one of our best maintained locations south of this site in Aurora. We can't catch this traffic's business in our New York st or South Eola rd location. We want to open this location so City of Aurora can have extra tax dollar from this site. City of Aurora has revenue info for our 2380 S. Eola rd and 2681 E New York st locations. It will tell you that we can add good amount of revenue to City of Aurora's financial account. We had success with people and city of Aurora. We want to repeat it with our 3rd and Dunkin's 12th location. Dunkin Donut standard for Drive thru service is 150 sec but we run our better than that. Our service is around less than 120 sec mostly nearby 110 sec. This kind of location business is around 50 % Drive Thru and 50% inside (due to Convenience store). This way we won't create traffic bottleneck.

Example:

In avg. Dunkin Donut (Non Co Brand DT) Drive Thru Business is about 65 to 70 % and inside business(walk in) is about 30 to 35 %. Our own South Eola is non co brand store so we get about 70 % customer thru Drive thru. IN Co brand location such as Gas St, due to convenience store of the Gas st, about 50 % is foot traffic due to Cigarette and other items. We have location in Plainfield IL in Shell Gas st(119th st and Rt59). In this location our drive thru traffic is 50 to 55 % in Dining room inside is 45 to 50 %. We have less car in DT.

People of Aurora:

We have average of 12 to 18 employees in our Dunkin Donut location working throughout the week. We always hire most of them from the community. This will create additional jobs for people of city of Aurora. We also involve with City of Aurora's clean project organized by hard working Aldermen. We work with local schools, high schools and community event places (such as area organization and place of worships)

Please do give your considerable positive business approval for this site.

Sincerely Yours,

Dharmesh Rangwala

Dunkin Donut Owner
