

Exhibit A: Interagency Signage Locations – Aurora Transportation Center

A.1: Sign Locations by Property Owner

Sign Location	Summary
Property owned by BNSF Railway and leased by City of Aurora	
AU1-001 On pavement in plaza near Northwest corner of depot building	Double-sided freestanding stainless steel sign structure (SFM) 6'-10" high X 3'-8" wide, mounted on concrete pavement, with frames displaying: <ul style="list-style-type: none"> • Neighborhood Map - MN, 32" X 44" • Transit Identity Map - ID, 32" X 44"
AU1-002 On light post in plaza near Northwest corner of depot building	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on existing light post
AU1-010 On Pace bus shelter for Route 524	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-011 On Pace bus shelter for Route 524	Removable vinyl decal attached to back of bus shelter displaying: <ul style="list-style-type: none"> • Bus Connections diagram – BC, 32" X 44"
AU1-012 On Pace bus shelter for Route 530-EB	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-013 On Pace bus shelter for Route 530-EB	Removable vinyl decal attached to back of bus shelter displaying: <ul style="list-style-type: none"> • Bus Connections diagram – BC, 32" X 44"
AU1-014 On Pace bus shelter for Route 530-WB	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-015 On Pace bus shelter for Route 530-WB	Removable vinyl decal attached to back of bus shelter displaying: <ul style="list-style-type: none"> • Bus Connections diagram – BC, 32" X 44"
AU1-016 On Pace bus shelter for Route 533	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-017 On Pace bus shelter for Route 533	Removable vinyl decal attached to back of bus shelter displaying: <ul style="list-style-type: none"> • Bus Connections diagram – BC, 32" X 44"
AU1-018 On Pace bus shelter for Route 802	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-019 On Pace bus shelter for Route 802	Removable vinyl decal attached to back of bus shelter displaying: <ul style="list-style-type: none"> • Bus Connections diagram – BC, 32" X 44"

AU1-020 On Pace bus shelter for Call-n-Ride	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-021 On Pace bus shelter for Call-n-Ride	Removable vinyl decal attached to back of bus shelter displaying: Bus Connections diagram – BC, 32" X 44"
AU1-022 On Pace bus shelter for Route 532	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-023 On Pace bus shelter for Route 532	Removable vinyl decal attached to back of bus shelter displaying: Bus Connections diagram – BC, 32" X 44"
AU1-024 On Pace bus shelter for Route 540-G	Double-sided bus stop sign (BS), 18" X 18" aluminum with vinyl graphics, replaces existing sign mounted to corner of shelter
AU1-025 On Pace bus shelter for Route 540-G	Removable vinyl decal attached to back of bus shelter displaying: Bus Connections diagram – BC, 32" X 44"
AU1-030 On light post between Pace bus shelters for Route 532 and Call-n-Ride	Single-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, center-mounted on existing light post
AU1-031 On light post between Pace bus shelters for Route 802 and Route 533	Single-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, center-mounted on existing light post
AU1-032 On light post between Pace bus shelters for Route 530-WB and Route 530-EB	Single-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, center-mounted on existing light post
AU1-050 On pavement that is below track level and adjacent to North end of West Metra platform	Single-sided freestanding stainless steel sign structure (SFM) 6'-10" high X 12'-4" wide, with frames displaying: <ul style="list-style-type: none"> • Transit Identity Map - ID, 32" X 44" • Train Connections diagram - TC, 32" X 44" • Bus Connections diagram – BC, 32" X 44" • Neighborhood Map - MN, 32" X 44"
AU1-060 Near bottom of stairs (first set) from North end of West Metra platform	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on new sign post and base
AU1-061 Near top of stairs (second set) adjacent to West Metra platform	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on existing light post
AU1-063 Near top of stairs (third set) adjacent to West Metra platform	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on existing light post
AU1-064 Near top of stairs (third set) adjacent to West Metra platform	Single-sided sign panel, 18" X 24" aluminum with vinyl graphics, displaying Identity Map (ID) center-mounted on existing light post

AU1-065 Adjacent to mid-point of West Metra platform, near top of ramp to depot building	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on new direct-bury pole
AU1-066 On pavement that is below track level and adjacent to West Metra platform near entrance to depot building	Single-sided freestanding stainless steel sign structure (SFM) 6'-10" high X 12'-4" wide, with frames displaying: <ul style="list-style-type: none"> • Transit Identity Map - ID, 32" X 44" • Train Connections diagram - TC, 32" X 44" • Bus Connections diagram – BC, 32" X 44" • Neighborhood Map - MN, 32" X 44"
AU1-067 Adjacent to south half of West Metra platform, near top of stairs (fourth set)	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on existing light post
AU1-068 Adjacent to south half of West Metra platform, near top of stairs (fourth set)	Single-sided sign panel, 18" X 24" aluminum with vinyl graphics, displaying Identity Map (ID) center-mounted on existing light post
AU1-080 Near at-grade pedestrian crossing at North end of East Metra platform	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on new direct-bury pole
AU1-083 Adjacent to North half of East Metra platform	Single-sided sign panel, 18" X 24" aluminum with vinyl graphics, displaying Identity Map (ID) center-mounted on existing light post
AU1-084 Adjacent to North half of East Metra platform	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on existing light post
AU1-087 Adjacent to South half of East Metra platform	Single-sided sign panel, 18" X 24" aluminum with vinyl graphics, displaying Identity Map (ID) center-mounted on existing light post
AU1-088 Adjacent to South half of East Metra platform	Double-sided directional sign (DSS), 18" X 30" aluminum with vinyl graphics, flag-mounted on existing light post
