Terms & Conditions

Customer Data uploaded into a DocuSign eSignature Government Product will be hosted within DocuSign's FedRAMP Moderate authorized boundary. "FedRAMP" means the Federal Risk and Authorization Management Program.

DocuSign eSignature Government Products include features and functionality that allow Customers to connect to other DocuSign products or to third-party products or services for interoperability purposes. Interoperability refers to multiple computer systems that are connected in a manner that allows them to exchange information. These features are disabled by default but can be enabled by Customer request. Customers may also use "connectors" to connect DocuSign eSignature Government Products to other systems to exchange information. For example, a DocuSign/Salesforce Connector can be used to connect DocuSign eSignature Government Products to a Salesforce product so that information may be exchanged between the two connected systems.

If Customer chooses to connect DocuSign eSignature Government Products to any other DocuSign product or to any third-party products or services, Customer authorizes DocuSign to export Customer Data outside of DocuSign's FedRAMP Moderate authorized boundary for the processing and use of Customer Data by Customer, DocuSign, and/or such third parties (as applicable). For clarity, where Customers connect DocuSign eSignature Government Products with any other products or services (including but not limited to by use of Payments, Comments, Connector or Agreement Action functionality), DocuSign disclaims all liability for FedRAMP control compliance or Customer's obligations relating to Customer Data exported from DocuSign's FedRAMP Moderate authorized boundary

If Customer is provisioned a demo or sandbox account (a "Sandbox Account") Customer's use of that Sandbox Account is conditioned on the following: Customer acknowledges and is aware that the Sandbox Account is a demo account and may or may not be within the applicable FedRAMP environment. Customer will not input Controlled Information, Covered Defense Information, Personally Identifiable Information, or any other sensitive or confidential information in the Sandbox Account during the Term.

Customer must reference Quote number on Purchase Order.

Should Customer purchase via Reseller all terms of Carahsoft Quote must be incorporated in Reseller quote and Customer Purchase Order to Reseller.

Any increase in subscription and support pricing will be in accordance with DocuSign's pricing and policies in effect at the time of the renewal or as otherwise agreed to by the parties.

Licensee agrees that any order for DocuSign will be governed by the terms and conditions of the Carahsoft DocuSign Service Agreement copies of which are found at https://static.carahsoft.com/concrete/files/2616/5962/5258/DocuSign_Master_Services_Agreement_fo_Public_Sector.pdf and all Schedules and Documentation referenced by the Terms are made a part hereof. The parties agree that any term or condition stated in a Customer purchase order or in any other Customer order documentation (excluding Quotes) is void. In the event of any conflict or inconsistency among the following documents, the order of precedence shall be: (1) the applicable Quotes (and their Contract Vehicle), (2) the TOU, and (3) the Documentation. Licensee acknowledges it has had the opportunity to review the Terms, prior to executing an order.

Should the customer purchase any version of DocuSign's IL-4 licensing the below terms will apply.

Reference the Memorandum previously provided to DISA Authorizing Official (dated October 22, 2023) detailing the Provisional Authorization (PA) granted by DISA, exceptions to/exclusions from the PA, and conditions DocuSign is required to meet in order to maintain the PA for U.S. Department of Defense Impact Level 4 (DoD/IL-4). Customer agrees:

- not to use DocuSign DoD/IL-4 in production without a BCAP connection (or DISA approval);
 - not to process, store or transmit IL-4 production data without a BCAP connection to NIPRnet; or not to use DocuSign DoD/IL-4 to connect to any DocuSign services or applications via an unauthorized endpoint outside of the NIPRnet or non-BCAP connections;
 - Customer is responsible for any Customer Data sent to third party applications (regardless of whether such third-party applications are IL-4 certified);
- Enterprise Premier Support for IL-4 customers is available from 9:00am - 8:30pm Eastern Standard Time.
