Qualifying Statement for a Land Use Petition

Development Project: Femosh Duplex in Foxcroft Townhomes area

Address: Lot 2, Elder Drive, Aurora, IL. 60506

Proposal Narrative – This proposal is for the construction of a duplex in the Foxcroft Association subdivision. My company Femosh Concepts LLC completed the purchase of 3 parcels (1507476015, 1507476016, & 1507476017) on 11/28/2016. The plan is to build a duplex with 2 unit townhomes. Each of the 2 units will feature 3 bedrooms, 2½ bathrooms, and 2-car garage. The garages will also have driveways in front of them that can be used for additional parking for residents. Each of the units will include a deck in the back that extends into the HOA common area, which has been approved by the HOA Board (see attached approval letter). Upon completion of construction, the units will be put up for sale.

As recommended by the Planning & Zoning department, the 3 parcels will be re-platted into 2 lots, so that each of the units sits on one of the lots. Each new unit will be separated by a firewall, and the firewall would be on the property line.

The proposed duplex front elevation design will match the existing townhomes in the Foxcroft Townhomes Association, especially the buildings directly to the north & south of our lot. The proposed building will also fill the void that exists today between 1346 Elder (north) & 1330 Elder (south). The assumption is that the value of the units (upon completion) will be in parity with the newer units to the north of the subdivision on Bayview Lane & Foxcroft drive.

Variance Request: The re-platted lots (2) will only total 5,600 sf. (6,000 sf. needed for both units to be 3 bedrooms), so we are respectfully requesting a Variance for lot size needed to allow the two 3 bedroom units.

Statement Completed by Femi Oshikanlu for Femosh Concepts LLC.
