Skills & Abilities

MANAGEMENT

As Warden of St. David's Episcopal Church, Aurora, I managed the day to day operation of the church in the absence of clergy for 2 years. I also managed the search process and hiring process for a new Priest. I have been a member of St. David's for 25 years, acting as Warden, Treasurer, Vestry Member and Youth Director.

COMMUNICATION

I am very comfortable giving presentations or speeches. I like to have open dialogue with committees that I serve. I am not afraid to speak up about concerns. I believe the strongest trait of communication is listening.

LEADERSHIP

I have always been an advocate for those of us that are less fortunate. I have been the voice for those that feel that they do not have a voice in the workforce. This led to my appointment as shop steward for Teamsters Local 179 and eventually voted into office as Secretary Treasurer.
