Lincoln Prairie Care and Concerns Club Lincoln Prairie Social Commission

Please write a brief statement concerning your interest in this board and your willingness to serve as a member.

In my career as a medical social worker, I have always worked with the elderly and their families. Since retiring, I would like to find an organization where I can volunteer my time in a setting that allows me to utilize my skills and experience to improve the lives of seniors who may be in need of services that would help them be more successful with aging in place within their homes. This commission is aligned with my goals to increase the knowledge and quality of life of seniors who may need assistance with activities of daily living, reducing isolation, coping with the emotional and financial stress of the aging process and not knowing where to seek help. I have many years of accumulated knowledge of the services that exist in communities that may be of benefit as this board moves forward to address services for those aging in place within their homes.
