Phase 2: Airfield Pavement Rehabilitation
Including General Aviation Apron and Taxiway P
**Amendment to Agreement for Construction
Phase Engineering Services***

Dear Steve:

Transmitted herewith, please find one (1) electronic copy of the amendment for the construction phase engineering agreement on the referenced project for review and execution by the City. The AER 2020 Construction Phase Engineering Amendment Application was submitted to IDOT Aeronautics for review and approval (see attached). To date, Aeronautics has not provided any review comments. **This cost is eligible at 90% federal, 5% state and 5% local so the City's share should be \$2,645.**

Please have the date filled in and obtain the signature and attest signature on page 3 of the amendment. Upon execution, please provide an electronic copy to my attention for distribution. It is our understanding electronic copies are acceptable to IDOT Aeronautics.

If you have any questions or require additional information, please contact me at our office.

Sincerely,

CRAWFORD, MURPHY & TILLY, INC.

A handwritten signature in blue ink that reads "D. Kyle Peabody".

D. Kyle Peabody, P.E.
